

310 CMR 4.00: TIMELY ACTION SCHEDULE AND FEE PROVISIONS

Section

- 4.01: Purpose, Authority and General Provisions
- 4.02: Definitions
- 4.03: Annual Compliance Assurance Fee
- 4.04: Permit Application Schedules and Fees
- 4.05: Alternative Project-specific Schedules and Fees
- 4.06: Adjudicatory Hearing Filing Fee
- 4.08: Public Record Fees
- 4.09: Targeted Technical Assistance Fees
- 4.10: Appendix: Schedules for Timely Action and Permit Application Fees

4.01: Purpose, Authority, and General Provisions

(1) Purpose. The purpose of 310 CMR 4.00 is to provide for the orderly and efficient administration of the regulatory programs administered by the Department through the establishment of schedules for timely action on permit applications, permit application fees, and annual compliance assurance fees, thereby contributing to the protection of the public health and safety and of the environment; and to otherwise implement the provisions of M.G.L. c. 21A, § 18 and M.G.L. c. 21E, § 3B. Except to the extent specifically provided herein, nothing in 310 CMR 4.00 shall be construed to affect any rights, duties, or obligations established by any statute or by any regulation promulgated by the Department.

(2) Authority. 310 CMR 4.00 is adopted pursuant to M.G.L. c. 21A, § 18 and M.G.L. c. 21E, § 3B and M.G.L. c. 131, § 40.

(3) Effective Date.

(a) 310 CMR 4.00 shall take effect on November 9, 1990. Pursuant to M.G.L. c. 21A, § 18(m), 310 CMR 4.03, 4.04, 4.05 and 4.10 shall not be in effect in any fiscal year in which appropriations for ordinary maintenance of the Department from state funds other than the environmental challenge fund and the environmental permitting and compliance assurance fund do not exceed the baseline figure set forth in M.G.L. c. 21A, § 18(m).

(b) Notwithstanding 310 CMR 4.01(3)(a), 310 CMR 4.00 as applicable to permits under M.G.L. c. 21E, shall take effect on October 1, 1993, and shall be effective relative to these permits regardless of the level of fiscal year appropriations.

(c) Pursuant to M.G.L. c. 21A, § 18(j), the Department shall review all fees and schedules established pursuant to 310 CMR 4.00 on or before July 1, 1992, and shall by regulation adjust fees and schedules as necessary to reflect changes in regulatory requirements, technologies, the nature and cost of the Department's permitting and compliance activities, and improvements in the Department's practices and procedures.

(d) Notwithstanding 310 CMR 4.01(3)(c) and pursuant to M.G.L. c. 21E, § 3B, on or before July 1, 1994 and on or before July first of every third year thereafter, the Department shall review all fees and schedules established pursuant to 310 CMR 4.00 as applicable to permits for M.G.L. c. 21E disposal sites and shall by regulation adjust fees and schedules as necessary to reflect changes in regulatory requirements, technologies, the nature and cost of the Department's permitting and compliance activities, and improvements in the Department's practice and procedure.

(4) Applicability

(a) The annual compliance assurance fees established in 310 CMR 4.03 shall apply to all permittees described therein beginning with July 1, 1990.

(b) The permit application fees and schedules for timely action established in 310 CMR 4.04, 4.05 and 4.10 shall apply to permit applications described therein that are filed on or after January 1, 1991.

(c) The adjudicatory hearing filing fee established in 310 CMR 4.06 shall apply to adjudicatory hearing requests based on actions taken by the Department on or after January 1, 1991.

(d) Notwithstanding 310 CMR 4.01(4)(a), (b), or (c) fees and schedules established pursuant to M.G.L. c. 21E shall apply as follows:

4.01: continued

1. The annual compliance assurance fees for the Bureau of Waste Site Cleanup established in 310 CMR 4.03 shall apply to disposal sites in accordance with 310 CMR 40.0000 as of October 1, 1993.
 2. The permit application fees and schedules for timely action established in 310 CMR 4.04, 4.05 and 4.10 shall apply to Bureau of Waste Site Cleanup permit applications that are filed on or after October 1, 1993.
- (5) Computation of Time. Unless otherwise specifically provided by statute or 310 CMR 4.00, any time period prescribed or referred to in 310 CMR 4.00 or in any action taken pursuant to 310 CMR 4.00 shall begin with the first day following the act which initiates the running of the time period, and shall include every calendar day, including the last day of the time period so computed. If the last day is a Saturday, Sunday, legal holiday, or any other day on which the Department's offices are closed, the deadline shall run until the end of the next business day. If the time period described or referred to is seven days or less, only days when the offices of the Department are open shall be included in the computation. Where used, the term working days shall refer to any full day on which the Department office is open for public business.

4.02: Definitions

As used in 310 CMR 4.00, the following terms shall have the following meanings, unless the context otherwise clearly requires:-

Adjudicatory Hearing. A hearing conducted by the Department pursuant to 310 CMR 1.00: *Adjudicatory Proceedings*, in an adjudicatory proceeding as defined in M.G.L. c. 30A.

Administrative Completeness Review. An administrative review of a permit application to determine whether all required elements of the application have been provided by the applicant, as further described in 310 CMR 4.04(2)(b)1.

Applicant. A person who applies for or who is required to apply for a permit from the Department or any of its Divisions, or on whose behalf a permit application is made or required.

Commissioner. The Commissioner of the Department, or his or her designee.

Department. The Department of Environmental Protection.

Facility. Any site or works at which an activity subject to regulation by the Department occurs, has occurred, or is proposed to occur.

Homeowner. A homeowner is an owner occupant of a residential one to four family structure who has provided a written certification on a Department approved form, and whose structure has been used exclusively as a one to four family residence throughout his or her ownership, where the owner's unit is the owner's principle residence for six or more months of the year and the owner is conducting **response actions at the residence in response to a release of oil**.

Individual Rule Project. A project within a category which, based on the size, novelty, complexity, or technical difficulty of such projects, has been so classified in 310 CMR 4.10.

Permit. Any permit, license, certificate, formal determination, registration, plan approval, variance, statement, opinion, notification, plan or other approval issued by or required by the Department or any of its divisions, pursuant to any statute or regulation.

Permit Application. Any application, filing, notification, or other submittal of materials in the required form to the Department to initiate a permit.

Permittee. Any person authorized to conduct any activity or business pursuant to a valid permit issued by or filed with the Department.

4.02: continued

Person. Any individual, trust, firm, public or private corporation or authority, partnership, association or other entity or any group thereof or any officer, employee, or agent thereof, including the Commonwealth and the federal government and any agency or authority thereof, but not including any city, town, county, or district of the Commonwealth, federally recognized indian tribe housing authority effective, effective January 14, 1994, or any municipal housing authority. Notwithstanding the prior sentence, for purposes of M.G.L. c. 21E and 310 CMR 40.0000 permit fees and timely action schedules, person shall mean any agency or political subdivision of the federal government or the Commonwealth, state, public or private corporation or authority, any interstate body, foreign nation, any individual, trust, firm, joint stock company, partnership, association or other entity, and any officer, employee, or agent of such person, and any group of persons. Effective July 1, 2000, the Massachusetts Bay Transportation Authority shall not pay permit or compliance fees pursuant to M.G.L. c. 161A, § 24.

Project. Any coordinated program of work or activity, whether located at a single contiguous site, or occurring or proposed or planned to occur at a number of sites; including without limitation any facility, or construction, demolition, modification, or operation of buildings or works, or engaging in any other activity for which a permit as defined in 310 CMR 4.02 is required.

Public Comment Review. A review on the merits of the permit application, supporting materials, and any other information provided during the course of public comment on the proposed decision to grant or deny the permit, as further described in 310 CMR 4.04(2)(b)4.

Supplemental Technical Review. A review on the merits of the permit application and supporting materials, as supplemented, modified, or amended by the applicant in response to a statement identifying deficiencies in the application and supporting materials, as further described in 310 CMR 4.04(2)(b)3.

Technical Review. An initial review on the merits of the permit application and supporting materials, as further described in 310 CMR 4.04(2)(b)2.

4.03: Annual Compliance Assurance Fee

(1) General.

(a) Annual compliance assurance fees shall be payable by all permittees in the categories identified in 310 CMR 4.03(2), in the amounts set forth in 310 CMR 4.03(2). Agencies of the Commonwealth shall be exempt from annual compliance assurance fees.

(b) A permittee with more than one permit shall pay the fee indicated for each such permit, except as otherwise provided in 310 CMR 4.03(2). Such fees shall be payable in each commonwealth fiscal year for each such permit. For permits issued after January 1, 1991, other than permit renewals, modifications or amendments, or other changes in permit status or categories, no annual compliance assurance fee shall be assessed for that permit in the fiscal year in which the permit is issued, except as otherwise provided in 310 CMR 4.03(2), or unless the fee is established pursuant to 310 CMR 4.05. For fiscal year 1991, the category to which each permit belongs shall be determined based on the formal status as shown by Department records of the permit as of December 1, 1990, except as provided in 310 CMR 4.03(8)(c). In subsequent fiscal years, the category to which each permit belongs shall be determined based on the formal status in Department records of the permit as of the beginning of that fiscal year on July 1, except as provided in 310 CMR 4.03(8)(c). Annual compliance fees for permits issued in accordance with 310 CMR 4.05 shall be established as provided therein.

(c) Notwithstanding 310 CMR 4.03(1)(b), annual compliance assurance fees pursuant to M.G.L. c. 21E shall be assessed on a billable year basis. The billable year ends on the annual status date for a disposal site. The first status date shall be determined as follows:

1. For disposal sites where release notification is submitted to the Department on or after October 1, 1993, the first status date shall be the 12 month anniversary date of the oral or written date of release notification, whichever is earlier, or, effective February 24, 1995, the earliest date computed in accordance with 310 CMR 40.0404(3).

4.03: continued

2. For disposal sites identified prior to October 1, 1993 and existing in Department records pursuant to 310 CMR 40.0600, the first status date shall be the 12 month anniversary date of the first required submittal pursuant to 310 CMR 40.0600; and effective November 18, 1994, the first status date shall be the date of the first required submittal or as specified in 310 CMR 40.0600, whichever is earlier.
3. Notwithstanding 310 CMR 4.03(1)(c)1., effective February 24,1995, the first status date for each disposal site classified as Tier IB pursuant to 310 CMR 40.0520(2)(d) shall be February 24, 1995.
- (d) Notwithstanding 310 CMR 4.03(1)(b), the classification and category assigned to each M.G.L. c. 21E disposal site shall be determined based on the formal status as shown by Department records of the disposal site as of that disposal site's status date, except as provided in 310 CMR 4.03(8)(c), and effective November 3, 1995, except as provided in 310 CMR 40.0008(4).
- (e) Notwithstanding 310 CMR 4.03(1)(b), annual compliance assurance fees pursuant to M.G.L. c. 21E shall be payable for each billable year until and including the year that the requirements of a Class A or B Response Action Outcome are met and a Class A or B Response Action Outcome Statement is filed for the entire disposal site pursuant to 310 CMR 40.1000 or a Downgradient Property Status submittal is filed pursuant to 310 CMR 40.0180.
- (f) Notwithstanding 310 CMR 4.03(1)(b), annual compliance assurance fees shall be assessed pursuant to M.G.L. c. 21E as of the first status date as defined in 310 CMR 4.03(1)(c) in each billable year, including any year in which a permit application fee is paid.
- (g) Effective November 3, 1995, notwithstanding 310 CMR 4.03(1)(c), when multiple disposal sites are combined under a single Tier Classification, the status date of all of the disposal sites subject to the Tier Classification shall be the earliest applicable status date.
- (h) Notwithstanding 310 CMR 4.03(1)(b), a facility with multiple air quality permits shall pay the single highest applicable annual compliance assurance fee. Effective June 27, 2005.
- (i) Notwithstanding 310 CMR 4.03(1)(b), annual compliance assurance fees shall be payable in the same fiscal year as filing of a required Environmental Results Program self certification. The status date shall be the date required for the filing of that fiscal year's certification.
- (2) Fee Amounts by Permit Category. The annual compliance assurance fee for each permit shall be the fee set forth in Table 4.03.

TABLE 4.03

ANNUAL FEE (dollars)	PERMIT CATEGORY
	ENVIRONMENTAL RESULTS PROGRAM
250	<u>Dry Cleaner Certifier</u> required pursuant to 310 CMR 70.00, effective June 27, 2003
175	<u>Photo Processor Certifier</u> required pursuant to 310 CMR 70.00 excluding a discharger to POTW approved to administer permits under 310 CMR 7.16, effective June 27, 2003
50	<u>Photo Processor Certifier</u> required pursuant to 310 CMR 70.00, who discharges to POTW approved to administer permits pursuant to 314 CMR 7.16, effective June 27, 2003
225	Small printer Certifier pursuant to 310 CMR 7.26(20)
225	Midsize Printer Certifier pursuant to 310 CMR 7.26(20)
575	Large Printer Certifier pursuant to 310 CMR 7.26(20)
1,175	Large Printer Certifier pursuant to 310 CMR 7.26(20) holding AQ09 permit or an AQ permit qualifying for the minor AQ compliance category

4.03: continued

AIR QUALITY

Set by equation

Operating Permit Enrollee
- Effective July 1, 2000, required for any facility subject to 310 CMR 7.00: *Appendix C*. The fee is based upon Department records as of July 1. AA is the Adjusted Actual emissions as reported to the Department pursuant to 310 CMR 7.12, of hazardous air pollutants (HAP) and criteria air pollutants excluding carbon monoxide, averaged over the most recent three calendar years of available data. HAP emissions reported as criteria pollutants are not double billed. Emissions of each pollutant are capped at 7,500 tons/per pollutant and the fee is calculated:
(1) where AA is greater than or equal to 5,000 tons, by adding the base fee of \$100,000 + \$25 (AA-5000); or
(2) where AA is greater than or equal to 250 tons but less than 5,000 tons, by adding the base fee of \$7,500 + \$12 (AA-250); or
(3) where AA is greater than or equal to 100 tons but less than 250 tons, by adding the base fee of \$5,500 + \$8 (AA-100); or
(4) where AA is less than 100 tons, by adding the base fee of \$3,000 + \$6 (AA-50); or
(5) where a facility is subject to 310 CMR 7.08(2), 7.27 or 7.28, by adding the base fee of \$7,500 + \$17 (AA-50).
The amount calculated in (1), (2), (3), (4) or (5) is rounded down to the nearest \$1,000, but no fee shall be less than the respective base fee.
Where a facility is subject to more than one formula, only the largest fee is due.

Set by equation

Operating Permittee
Effective July 1, 2000, required for any facility holding an operating permit. The fee is based upon Department records as of July 1. AA is the Adjusted Actual emissions as reported to the Department pursuant to 310 CMR 7.12, of hazardous air pollutants (HAP) and criteria air pollutants excluding carbon monoxide, averaged over the most recent three calendar years of available data. HAP emissions reported as criteria pollutants are not double billed. Emissions of each pollutant are capped at 7,500 tons/per pollutant and the fee is calculated:
(1) where AA is greater than or equal to 5,000 tons, by adding the base fee of \$100,000 + \$25 (AA-5000); or
(2) where AA is greater than or equal to 250 tons but less than 5,000 tons, by adding the base fee of \$7,500 + \$12 (AA-250); or
(3) where AA is greater than or equal to 100 tons but less than 250 tons, by adding the base fee of \$5,500 + \$8 (AA-100); or
(4) where AA is less than 100 tons, by adding the base fee of \$3,000 + \$6 (AA-50); or
(5) where a facility is subject to 310 CMR 7.08(2), 7.27 or 7.28, by adding the base fee of \$7,500 + \$17 (AA-50).
The amount calculated in (1), (2), (3), (4) or (5) is rounded down to the nearest \$1,000, but no fee shall be less than the respective base fee.
Where a facility is subject to more than one formula, only the largest fee is due.

\$1,435

Minor Group One
- a facility with potential emissions equal to or greater than five but less than ten tons per year of any one Hazardous Air Pollutant (HAP), or equal to or greater than 12.5 but less than 25 tons per year of any combination of HAP, or equal to or greater than 25 but less than 50 tons per year of VOC or NOx, or equal to or greater than 50 but less than 100 tons per year of any other regulated pollutant, or a facility holding a BWPAQ09 (Restricted Emissions Status) permit pursuant to 310 CMR 7.02(9); and excluding a facility that is a dry cleaner, photo processor, or printer certifier pursuant to 310 CMR 70.00.
The fee covers all air pollution inspections and registrations for the facility. Effective June 27, 2005.

4.03: continued

\$575

Minor Group Two

- a facility with potential emissions greater than 2.5 but less than five tons per year of any one Hazardous Air Pollutant (HAP), or greater than 6.25 but less than 12.5 tons per year of any combination of HAP, or greater than 12.5 but less than 25 tons per year of VOC or NO_x, or greater than 25 but less than 50 tons per year of any other regulated pollutant or a facility subject to a New Source Performance Standard (NSPS-40 CFR 60) or a National Emission Standard for Hazardous Air Pollutants (NESHAPs - 40 CFR 61), both delegated to the Department prior to July 1, 1992 with potential emissions less than five tons per year of any one Hazardous Air Pollutant (HAP), or less than 12.5 tons per year of any combination of HAP, or less than 25 tons per year of VOC or NO_x, or less than 50 tons per year of any other regulated pollutant; and excluding a facility that is a dry cleaner, photo processor, or printer certifier pursuant to 310 CMR 70.00. The fee covers all air pollution inspections and registrations for the facility. Effective June 27, 2005.

\$260

Minor Group Three

- a facility with potential emissions equal to or less than 2.5 tons per year of any one Hazardous Air Pollutant (HAP), or equal to or less than 6.25 tons per year of any combination of HAP, or equal to or less than 12.5 tons per year of VOC or NO_x, or equal to or less than 25 tons per year of any other regulated pollutant, and excluding a facility not required to register with the Department pursuant to 310 CMR 7.12 and excluding a facility that is a dry cleaner, photo processor, or printer certifier pursuant to 310 CMR 70.00. The fee covers all air pollution inspections and registrations for the facility. Effective June 27, 2005.

4.03: continued

\$200	<u>Motor Vehicle Fuel Dispensing Facility</u> as defined in 310 CMR 7.24(6). Additional fee where specific service performed: (fee applicable in any year in which service performed, for each instance), effective June 27, 2003
-------	--

HAZARDOUS WASTE

\$2,810	Land disposal facility closure, effective June 27, 2003
\$8,435	Treatment, storage or disposal facility, effective June 27, 2003
\$3,160	<u>Large Quantity Generator</u> excluding dry cleaner, photo processor, and printer certifiers pursuant to 310 CMR 70.00, effective June 27, 2003
\$525	<u>Small Quantity Generator</u> excluding dry cleaner, photo processor, and printer certifiers pursuant to 310 CMR 70.00, effective June 27, 2003
\$3,160	Level III recycling facility, effective June 27, 2003

SOLID WASTE

\$1,610	Small Transfer Station or C and D Processing Facility, effective October 7, 2005
\$6,680	Large Transfer Station or C and D Processing Facility, effective October 7, 2005
\$1,210	Small Handling Facility, effective June 27, 2003
\$2,725	Large Handling Facility, effective June 27, 2003
\$14,240	Landfill permitted to receive wastes for disposal until final closure and any landfill with an approved closure plan (SW25) until final closing, excluding woodwaste landfill and landfill permitted to receive less than ten tons per day/3120 tons per year, effective June 27, 2003
\$2,420	Woodwaste landfill (effective June 27, 2003)
\$865	Landfill permitted to receive less than ten tons per day/3120 tons per year, effective July 5, 2002
\$1,140	Inactive Landfill with post closure monitoring, effective June 27, 2003
\$6,680	Combustion Facility, effective June 27, 2003

COMPOST FACILITIES

\$1,050	Compost Facility permitted by solid waste or water pollution control, effective June 27, 2003
---------	---

INDUSTRIAL WASTEWATER

\$10,110	Groundwater discharges <u>Type II</u> facility with a permit to discharge industrial wastewater and authorization to construct and operate a type II wastewater treatment system, effective June 27, 2003
\$2,725	<u>Type I</u> facility with a permit to discharge industrial wastewater and authorization to construct and operate a type I wastewater treatment system, effective June 27, 2003
\$175	<u>Other</u> facility with a permit only to discharge industrial wastewater, effective June 27, 2003
\$70	Sewer connections <u>Discharger to POTW approved</u> to administer permits under 314 CMR 7.16 excluding dry cleaner, photo processor, printer certifiers pursuant to 310 CMR 70.00, effective June 27, 2003

4.03: continued

\$175 All Other Sewer Users excluding dry cleaner, photo processor, printer certifiers pursuant to 310 CMR 70.00, effective June 27, 2003

Surface Water

\$8,790 Type II facility with a permit to discharge industrial wastewater and authorization to construct and operate a type II wastewater treatment system, effective June 27, 2003

\$1,490 Type I facility with a permit to discharge industrial wastewater and authorization to construct and operate a type I wastewater treatment system, effective June 27, 2003

\$175 Other facility with a permit only to discharge industrial wastewater, effective June 27, 2003

WATER SUPPLY

\$85 Cross connections fee per connection in non-delegated water supplier communities, effective June 27, 2003

WATERSHED MANAGEMENT

\$175 Watershed Management permit and or registration within a single water source considered to be a single river basin as defined by 310 CMR 36.03 and 313 CMR 4.03, effective June 27, 2003

\$8,790 Surface Water Discharge (NPDES) of 150,000 gpd or greater; or requiring more than secondary treatment; or from a categorical industry with pretreatment standards at 40 CFR 400.00 *et seq.*; or from marine or pipeline oil terminal; or of noncontact cooling water in excess 1 mgd, effective June 27, 2003

\$1,490 All other Surface Water Discharge excluding 310 CMR 4.10(6)(tt) and 310 CMR 4.10(6)(vv) permits, effective June 27, 2003

\$175 Discharge of non-process water not subject to anti-degradation provision of 314 CMR 4.00, excluding 310 CMR 4.10(6)(tt) and 310 CMR 4.10(6)(vv) permits, effective June 27, 2003

WATER POLLUTION CONTROL

Groundwater discharges

\$12,500 Facility with a permit authorizing discharge of sewage equal to or greater than 40,000 gallons per day of sewage; other discharges not included in the other groundwater discharge compliance assurance categories, effective October 7, 2005

\$7,000 Facility with a permit authorizing discharge of greater than 10,000 but less than 40,000 gallons per day of sewage, effective October 7, 2005

\$3,000 Facility with a permit authorizing discharge of 10,000 or less gallons per day of sewage; or discharges from groundwater reclamation project; or discharges from laundromats and carwashes, effective October 7, 2005

\$175 Facility with a permit authorizing discharge of noncontact cooling water or stormwater, discharges with a heat exchanger; pH adjustment and/or an oil/water separator as the sole means of treatment, effective June 27, 2003

Sewer connections

\$175 Sewer connections for large industrial discharges and discharges (permit BRPWP55) and discharges for 310 CMR 40.0000 reclamation, effective June 27, 2003

Residuals management

\$1,050 residuals landfill, effective June 27, 2003

\$1,050 pelletizing facilities, effective June 27, 2003

4.03: continued

WATERWAYS

\$80 Non-water Dependent Licensed Sites facility with license to use tidelands and which provides public access or other water dependent benefits as a license condition, effective June 27, 2003

LABORATORY CERTIFICATION

\$215 Certified Microbiology Laboratory, effective June 27, 2003
 \$930 Certified Chemical Laboratory, effective June 27, 2003
 plus the fee for each testing category as certified on May 1, 1992 for fiscal year 1992 and thereafter on July 1 of each year in the amount as set forth in 310 CMR 4.10(9)(b) (LES02EA)

BUREAU OF WASTE SITE CLEANUP

\$1,000 Homeowner Tier IA Disposal Site – disposal site classified as Tier IA pursuant to 310 CMR 40.0500 or 310 CMR 40.0600 where the person conducting response actions is a Homeowner as defined in 310 CMR 4.02 effective June 27, 2003

\$1,000 Homeowner Tier IB Disposal Site – disposal site classified as Tier IB pursuant to 310 CMR 40.0500 or 310 CMR 40.0600 where the person conducting response actions is a Homeowner as defined in 310 CMR 4.02 effective June 27, 2003

\$1,000 Homeowner Tier IC Disposal Site – disposal site classified as Tier IC pursuant to 310 CMR 40.0500 or 310 CMR 40.0600 where the person conducting response actions is a Homeowner as defined in 310 CMR 4.02 effective June 27, 2003

\$2,000 Homeowner Tier ID Disposal Site – disposal site classified as Tier ID pursuant to 310 CMR 40.0500 where the person conducting response actions is a Homeowner as defined in 310 CMR 4.02 effective June 27, 2003

\$1,000 Homeowner Tier II Disposal Site - disposal site classified as Tier II pursuant to 310 CMR 40.0500 or 310 CMR 40.0600 where the person conducting response actions is a Homeowner as defined in 310 CMR 4.02 effective June 27, 2003

\$5,000 Tier IA Disposal Site - disposal site classified as Tier IA pursuant to 310 CMR 40.0500 or 310 CMR 40.0600; effective June 27, 2003

\$4,000 Tier IB Disposal Site - disposal site classified as Tier IB pursuant to 310 CMR 40.0500 or 310 CMR 40.0600; effective June 27, 2003

\$3,000 Tier IC Disposal Site - disposal site classified as Tier IC pursuant to 310 CMR 40.0500 or 310 CMR 40.0600; effective June 27, 2003

\$4,000 Tier ID Disposal Site – disposal site classified as Tier ID pursuant to 310 CMR 40.0500 effective June 27, 2003

\$2,000 Tier II Disposal Site - disposal site classified as Tier II pursuant to 310 CMR 40.0500 or 310 CMR 40.0600; effective June 27, 2003

\$800 Phase V Operation, Maintenance, and/or Monitoring - applicable to disposal sites where Phase V response actions of operation, maintenance, and/or monitoring including response actions under Remedy Operation Status, pursuant to 310 CMR 40.0890 are undertaken; effective June 27, 2003

\$800 Post-RAO Class C Disposal Site - applicable to all disposal sites for which an RAO Class C pursuant to 310 CMR 40.1000 is in effect effective June 27, 2003, except in cases where response actions are being conducted at a Tier I or Tier II disposal site in accordance with the provisions of 310 CMR 40.0581 or 40.0582, respectively.

4.03: continued

actual cost	<u>Tier IA Disposal Site for billable years ending on dates prior to June 27, 2003</u> , - disposal site classified as Tier IA pursuant to 310 CMR 40.0500 or 310 CMR 40.0600; fee is the actual cost of Departmental oversight as calculated pursuant to 310 CMR 40.1220 and 40.1221 and shall not exceed \$10,000 in one year
\$2,600	<u>Tier IB Disposal Site for billable years ending on dates prior to June 27, 2003</u> , - disposal site classified as Tier IB pursuant to 310 CMR 40.0500 or 310 CMR 40.0600
\$1,950	<u>Tier IC Disposal Site for billable years ending on dates prior to June 27, 2003</u> , - disposal site classified as Tier IC pursuant to 310 CMR 40.0500 or 310 CMR 40.0600
\$1,300	<u>Tier II Disposal Site for billable years ending on dates prior to June 27, 2003</u> , - disposal site classified as Tier II pursuant to 310 CMR 40.0500 or 310 CMR 40.0600
\$500	<u>Tier I and II Phase V Operation, Maintenance, and/or Monitoring for billable years ending on dates prior to June 27, 2003</u> , - applicable to all Tier I or II disposal sites which undertake Phase V response actions of operation, maintenance, and/or monitoring pursuant to 310 CMR 40.0890
\$500	<u>Post-RAO Class C Active Operation and Maintenance for billable years ending on dates prior to June 27, 2003</u> , - applicable to all Tier I or II disposal sites which file a RAO Class C pursuant to 310 CMR 40.1000 and where active operation and maintenance is continuing.
\$1,200	<u>Response Action Outcome</u> - one time fee effective February 24, 1995 for each RAO statement filed after 120 days following the earliest date computed in accordance with 310 CMR 40.0404(3) and prior to Tier Classification, fee amount effective June 27, 2003. Also, for each RAO statement filed for sites classified as Tier ID pursuant to 310 CMR 40.0502, provided that such statement is filed within 90 days following the disposal site's first status date; fee is in lieu of Tier ID fee for the second billable year.
\$800	<u>Release Abatement Measure</u> - one time fee for each Release Abatement Measure Plan submitted prior to Tier Classification; effective June 27, 2003
set by formula	<u>Special Project Designation</u> - for the duration of designation: -For each batch submittal of Response Action Outcome Statements the fee is the total based upon the number of individual RAO submittals in each batch: 1-5 \$1,200 each (capped at \$3,600 for total batch); 6-15 \$700 each (capped at \$7,700 for total batch); 16-49 \$600 each (capped at \$19,200 for total batch); 50 or more \$400 each (capped at \$24,000 for total batch); effective June 27, 2003 - For each batch submittal of Release Abatement Measure submittals the fee is the total based upon the number of individual RAM submittals in each batch: 1-5 \$800 each (capped at \$2,400 for total batch); 6-15 \$450 each (capped at \$4,900 for total batch); 16-49 \$400 each (capped at \$12,800 for total batch); 50 or more \$300 each (capped at \$18,000 for total batch); effective June 27, 2003
\$1,600	<u>Downgradient Property Status Submittal</u> - one time fee for each submittal filed prior to Tier Classification. Also, for each submittal filed on or before June 1, 1995, for Tier I or II sites classified in compliance with 310 CMR 40.0500; fee is in lieu of Tier I or II fee; effective June 27, 2003

4.03: continued

(3) Statement of Fee Amount.

- (a) At least 45 days before the date a fee is due, the Department shall provide the permittee a written statement of the amount due. The statement may be provided by mail or personal delivery to the correspondence address listed in the permit or permit application, to the address of the permitted facility or project, or to any other correspondence address used by the permittee; or by any means provided for service of process; or by other means reasonably calculated to assure receipt by the permittee.
- (b) The statement of fee amount shall include, without limitation, the following:
 - 1. the permit and permit category for which each fee is due pursuant to 310 CMR 4.03(2);
 - 2. the amount due for each such permit;
 - 3. the date by which payment is due;
 - 4. the manner and form in which payment may be made;
 - 5. notice of the provisions for extension of the time for payment pursuant to 310 CMR 4.03(6);
 - 6. notice of the consequences of failure to make timely payment pursuant to 310 CMR 4.03(7); and
 - 7. notice of the procedure for seeking review of the fee determination pursuant to 310 CMR 4.03(8).
- (c) For M.G.L. c. 21E disposal sites, permit categories Tier IA, IB or IC and for Tier II disposal sites, the Department shall not require a Tier I or Tier II fee to be paid for the first billable year, provided that the complete information required at 310 CMR 40.0500 and 310 CMR 40.0700 is submitted on or before the first status date.
- (d) Effective November 3, 1995, notwithstanding 310 CMR 4.03(2), the Department shall not require Response Action Outcome or Release Abatement Measure fees to be paid for response actions by an owner or operator holding a Downgradient Property Status relative to those releases.

(4) Payment of Fee. Unless the permittee seeks an extension of the time for making payment pursuant to 310 CMR 4.03(6), the permittee shall make payment in full on or before the date, and in the manner and form, specified in the statement of fee amount. Except to the extent authorized by the Department pursuant to 310 CMR 4.03(6)(c)1., late payment, nonpayment, partial payment, or failure to make payment in the specified manner and form shall constitute a failure by the permittee to pay the fee when due.

(5) Proof. The permittee's cancelled check shall act as proof of payment of the annual compliance assurance fee.

(6) Hardship Requests: extension of time for making payment.

- (a) In instances of severe financial hardship, the Commissioner may, at his or her discretion, grant a timely request to extend the time for making payment of the annual compliance assurance fee. The permittee shall bear the burden of persuasion that the request should be granted.
- (b) A permittee seeking an extension of time for making payment shall file a written request for extension on or before the date on which the fee is due. Such requests shall be deemed to be filed upon receipt by the Department. Timely filing of a request for extension containing all elements required by 310 CMR 4.03 shall stay suspension of the permit pursuant to 310 CMR 4.03(7)(a). The request shall be filed in the form and manner indicated in the statement of fee, and shall include the following:
 - 1. the permittee's name and address;
 - 2. the category of the permit, the amount of the fee due and due date;
 - 3. the specific circumstances the permittee believes constitute severe financial hardship;
 - 4. a proposed schedule for making payment; and
 - 5. the reasons the permittee believes the proposed schedule is appropriate.
- (c) The Commissioner shall promptly notify the permittee making the request of the Department's decision on the request. The Commissioner may request any supplemental information from the applicant to aid in such decision. Notice shall be given to the permittee by any method described in 310 CMR 4.03(3)(a). The Commissioner's decision on such a request shall not be deemed to give rise to any right to an adjudicatory hearing.

4.03: continued

1. If the request is granted, the decision shall set forth a schedule for making payment. The Department may adopt or modify the schedule proposed by the permittee, or may develop its own schedule as appropriate.
2. If the request is denied, the fee shall be due within 30 days of the date on which the decision is issued.

4.03: continued

(7) Failure to Make Timely Payment.

(a) Suspension of Permit.

1. Suspension. Failure to make complete and timely payment shall result in a suspension of the permit by operation of law; provided, that in fiscal year 1991 no permit shall be suspended unless the Department shall have issued a warning notice stating the date on which such suspension would occur in addition to the original statement of the fee amount. The warning notice may be issued in any manner described in 310 CMR 4.03(3)(a). A permit shall be invalid during the period of any such suspension. Suspension of a permit shall constitute commencement of enforcement proceedings which may result in revocation of a permit for the purposes of 310 CMR 4.04(2)(e)2.a.

2. Notwithstanding the first sentence of 310 CMR 4.03(7)(a)1., failure to make complete and timely payment of fees owed pursuant to M.G.L. c. 21E by the date due may result in suspension of the Tier I permit. The Department shall give notice of such suspension prior to its effective date.

3. Reinstatement. Upon receipt of payment of the fee due, together with any interest due, the suspended permit shall be reinstated on the date of receipt providing no revocation of the permit has been issued prior to that date.

(b) Revocation of Permit. If a permittee's failure to pay an annual compliance assurance fee continues for 60 days or more beyond the date on which the fee was due, the Department may revoke the permit. The Department shall notify the permittee of the revocation by certified mail or personal delivery to the address listed in the permit or permit application, or by any means provided for service of process. The revocation shall take effect on the date issued by the Department, or such other date as specified in the Department's notice.

(c) Publication. The Department may publicly release the names of permittees whose permits have been suspended or revoked pursuant to 310 CMR 4.03(7).

(d) Interest. In the event of untimely payment, interest shall be assessed on the balance due at the rate determined by the commissioner of administration pursuant to M.G.L. c. 29, § 29C.

(e) Denial of Permit Applications. The Department may deny any pending permit application made by or on behalf of a permittee who has an overdue and outstanding annual compliance fee.

(f) Nothing in 310 CMR 4.03(7) shall be construed to limit or bar the Department from assessing any penalty or taking other appropriate enforcement action for violation of any permit condition, order, or other requirement pursuant to any statute or regulation.

(g) Failure to make a complete and timely payment of fees due pursuant to M.G.L. c. 21E may result in the suspension of any or all permits that such person has obtained from the Department in the manner specified in 310 CMR 4.03(7)(a)2. or revocation as specified in 310 CMR 4.03(7)(b).

(8) Review of Fee Determination.

(a) A permittee who believes that the Department has incorrectly designated the category into which its permit falls for purposes of assessing an annual compliance assurance fee may request a review of that determination by filing a written request with the Department on or before the date of payment specified in the statement of fee.

(b) The request shall be filed in the form and manner indicated in the statement of fee, and shall include the following:

1. the permittee's name and address;
2. the permit category and amount of the fee due according to the statement of fee, and date due;
3. the permit category the permittee asserts is appropriate;
4. payment in full of the amount of the fee due for the category the permittee asserts is appropriate; and
5. the reasons the permittee believes the other category is appropriate.

4.03: continued

(c) The applicable permit category for each permit shall be the category into which the permit is assigned based on the formal status of the permit at the date specified in 310 CMR 4.03(1), unless the permittee had as of that date filed necessary application(s) to modify the relevant permit and taken other necessary action(s) to request a formal change in permit status. If the permittee had filed such application(s) and taken such action(s), the applicable category shall be determined on the merits of such request. The Department shall review the materials submitted by the applicant and the formal record of the permit, and shall issue a written decision determining the permit category. The Department's determination of the appropriate permit category shall not be deemed to give rise to any right to an adjudicatory hearing; provided, however, that the applicant may seek review of any decision on the merits of a pending request to modify the permit in the manner specified for review of permit decisions in the applicable statute or regulations.

(d) Effect of Request for Review.

1. Pending the Department's review of a properly filed request for review, the permit shall be deemed in effect. Should the permittee fail to make complete and timely payment of any balance due following the Department's determination, the permit shall be deemed suspended by operation of law.
2. Notwithstanding 310 CMR 4.03(8)(d)1., should a permittee fail to make complete and timely payment of any balance due pursuant to M.G.L. c. 21E, the permit may be suspended in accordance with 310 CMR 4.03(7)(a)2.
3. In the event that the Department determines that the original statement of fee was correct, or that the permittee has not paid at least the full amount of the fee due for the appropriate category, the Department shall assess interest on any unpaid balance. Such interest shall be deemed to have begun to accrue as of the original date on which payment was due.

4.04: Permit Application Schedules and Fee

(1) General. Schedules for timely action on permit applications shall be applicable to, and fees pertaining to such applications shall be payable by, all permit applicants for permits identified in 310 CMR 4.10(Appendix), as set forth in 310 CMR 4.10(Appendix). Except as otherwise provided in 310 CMR 4.04(2)(b) through (g), 4.04(3)(c) and (d), and 4.05, the applicable schedule for timely action and permit application fee for each permit and category of permit shall be as set forth in 310 CMR 4.10(Appendix). Such fees shall be payable for each such permit application. Permit applicants with applications pending before the Department as of January 1, 1991 may elect to pay the permit application fee; the schedule for timely action shall be applicable to such permit applications only upon payment of the permit application fee. The category to which each permit application belongs shall be determined based on the proposed activity defined in the permit application. An applicant seeking more than one permit shall pay the fee indicated for each such permit. A permit application or notification shall not be deemed valid unless payment of the applicable fee is made or an extension is requested pursuant to 310 CMR 4.04(3)(c).

(2) Operation of Provisions for Schedules for Timely Action. Schedules for timely action set forth in 310 CMR 4.10(Appendix), or established pursuant to 310 CMR 4.05, shall be applied in accordance with 310 CMR 4.04.

(a) Commencement of Schedule. Computation of time periods that begin when a document is received and a permit application fee has been paid shall begin on the day following the day on which the later of those events occurs.

(b) Operation of Defined Schedule Periods. 310 CMR 4.04 defines the operation of review periods for administrative completeness, technical, supplemental technical, and public comment review periods.

1. Administrative Completeness Review.

- a. General. An initial administrative completeness review shall result in a determination of administrative completeness or a statement of administrative deficiencies. The Department may request additional information during the course of such review.

4.04: continued

b. An M.G.L. c. 21E applicant may within 15 days and all other applicants may within 180 days respond to the Department's statement of administrative deficiencies by submitting any additional material to support the application. Failure by the applicant to submit such material within the specified time shall be deemed to be a withdrawal of the application; provided, that in such circumstances the applicant shall not be entitled to any refund of the permit application fee, notwithstanding the provisions of 310 CMR 4.04(3)(d).

c. Second Administrative Completeness Review. If the Department has issued a statement of administrative deficiencies, a second administrative completeness review shall be conducted within the same number of days specified for the initial administrative completeness review, beginning with receipt of materials submitted by the applicant in response to the statement of administrative deficiencies. The Department may request additional information during the course of review. A second administrative completeness review shall result in a determination of administrative completeness or a denial of the permit application. A denial of the permit application shall be subject to appeal in the manner specified in applicable statute or regulations, provided that in any adjudicatory hearing the issues shall be limited to the question of whether or not the information submitted was administratively complete. If the applicant prevails in such a proceeding, the Department shall begin the next step of its review pursuant to the schedule for timely action for that permit.

d. Effect of Determination. A determination of administrative completeness shall not constitute any finding with respect to the technical suitability, adequacy or accuracy of the materials provided, and shall be no bar to a request to amend, revise, replace, or supplement such materials based on technical suitability, adequacy or accuracy.

2. Technical Review.

a. A technical review shall result:

- i. in a decision to grant or deny the permit; or
- ii. where public comment is provided, in a proposed decision to grant or deny the permit; or
- iii. where the Department would on the basis of the information in the record either deny the permit or impose conditions significantly modifying or restricting operation of the project or activity as proposed, in a statement identifying deficiencies in the application and supporting materials. The Department's decision to issue a statement identifying deficiencies shall not be deemed to give rise to any right to an adjudicatory hearing.

b. The Department may request additional information during the course of a technical review.

c. If the Department has issued a statement identifying deficiencies, a M.G.L. c. 21E applicant may within 30 days and all other applicants may within 45 days of issuance elect to proceed on the record as it stands at that time, by so notifying the Department in writing. An applicant so electing to proceed on the record may not in any manner amend, revise, replace, or supplement the application or supporting materials. If the applicant so elects, the Department shall issue a decision to grant or deny the permit, or a proposed decision to grant or deny the permit for public comment, within 45 days of receipt of the applicant's notice, subject to any adjustment in the schedule pursuant to 310 CMR 4.04(2)(d)2. or 4.04(2)(d)3.a.

d. A decision to grant or deny a permit following technical review shall be subject to appeal in the manner specified in applicable statute or regulations.

3. Supplemental Technical Review.

a. A supplemental technical review shall result in a decision to grant or deny the permit, or, where public comment is provided, in a proposed decision to grant or deny the permit.

b. The Department may request additional information during the course of a supplemental technical review.

4.04: continued

c. A decision to grant or deny a permit following supplemental technical review shall be subject to appeal in the manner specified in applicable statute or regulations.

4. Public Comment Review.

a. A public comment review shall result in a decision to grant or deny the permit.

b. The Department may request additional information during the course of such review.

c. In the absence of significant public comment which would, on its face, appear to constitute grounds for the Department to deny the permit or significantly modify the proposed permit, the Department shall complete a public comment review within 30 days of the close of the public comment period. The Department's decision that comment would appear to constitute grounds for denial or significant modification of the proposed permit shall not be deemed to give rise to any right to an adjudicatory hearing.

d. A decision to grant or deny a permit following public comment review shall be subject to appeal in the manner specified in applicable statute or regulations.

e. For applications filed pursuant to M.G.L. c. 21E and 310 CMR 40.0000, a public comment period shall, if applicable, occur concurrently with the technical review. A second public comment period shall, if applicable, occur at either the end of the technical review or the supplemental technical review. The applicant shall have an additional 30 days beyond the second public comment period to respond, if significant comments are received.

(c) Additional Information Submitted by Applicants.

1. Submittals during Departmental review periods. The Department may request additional information from the applicant during any Departmental review period without extending or reducing the time provided in the schedule for the Department to complete such review. The Department may make such requests either orally or in writing. In making any such written request, the Department shall specify a reasonable time within which the applicant may provide such additional information, considering the time required to produce the information and the time required to review it within the applicable period for the Department to take action. Such specification of time shall not be deemed to give rise to any right to an adjudicatory hearing. The Department shall not be required to consider in any decision or action, including any adjudication, any additional information submitted by the applicant beyond the limit of time so specified by the Department, unless that additional information is timely submitted in response to a statement identifying deficiencies or another written request from the Department pursuant to 310 CMR 4.04(2)(c).

2. Change in Project.

a. Determination of Change. The Department may determine that the applicant has filed a new application whenever additional information provided by the applicant during any Departmental review period, in response to any statement identifying deficiencies in the application or supporting materials, or during any period allowed for public comment, either

- i. results in a change in the category in which the permit application is classified, or
- ii. significantly increases or changes the nature of the potential effects of the proposed project or activity on public health and safety or the environment.

Upon making a determination that the applicant has filed a new application, the Department shall promptly notify the applicant in writing. The notice shall indicate the basis for the determination and summarize the provisions of 310 CMR 4.04(2)(c)2. relative to such determinations. The determination that a project has changed shall not be grounds for a request for adjudicatory hearing; however, an applicant aggrieved by such a determination may seek review of the determination as an issue in any appeal of the permit decision.

4.04: continued

- b. Effects of Determination on Schedule.
 - i. Immediately upon issuance of the notification, the schedule for timely action shall be suspended.
 - ii. If the determination resulted from a proposed change in design or operation of the proposed project or activity, the applicant may within 45 days withdraw the change and return to its previous proposal by so notifying the Department in writing. If the applicant so notifies the Department, the schedule for timely action shall resume at the point at which it was suspended.
 - iii. If the determination resulted from any other cause, or if the applicant does not elect to withdraw the change, the Department shall begin a review of the new application pursuant to the relevant schedule for timely action.
 - iv. Notwithstanding 310 CMR 4.04(2)(c)2.b.ii, for the permit applications described in 310 CMR 4.10(10)(g) through (j) filed under M.G.L. c. 21E and 310 CMR 40.0000, the Department shall begin its review of the revised application at the technical review period.
- c. Effects of Determination on Fee. Unless the applicant elects to proceed with the previous application in accordance with 310 CMR 4.04(2)(c)2.b.ii, the original application shall be deemed withdrawn, and the fee shall be disposed as provided in 310 CMR 4.04(3)(d); provided, that the Department shall credit any amount to be refunded toward the permit application fee payable for the new permit application unless the applicant requests a refund.
- (d) Application of Schedule Periods.
 - 1. For the purposes of 310 CMR 4.04(2), an "interim review period" shall mean the period allowed for any administrative completeness review, technical review, or supplemental technical review which may result in an identification of deficiencies or a proposed decision for public comment, or any other period for action by the Department that may not or does not require a final decision to grant or deny the permit. A "final review period" shall mean the period allowed for a technical or public comment review or other period for action by the Department, which must result in a decision to grant or deny the permit. The schedules for timely action established in 310 CMR 4.04 create no right to any remedy except that specifically provided in 310 CMR 4.04 and in M.G.L. c. 21A § 18 or in M.G.L. c. 21E, § 3B.
 - 2. Accelerated Action by Department. Should the Department complete the required action for any interim review period in less time than is allowed pursuant to the applicable schedule, one day shall be added to the number of days allowed for the Department's next action, if any, in the applicable schedule for each day that the Department's action precedes the date by which such action was required.
 - 3. Tardy Action by Department.
 - a. Should the Department fail to take timely action on a permit application within any interim review period, subject to any adjustment required by 310 CMR 4.04(2)(d)2., one day shall be subtracted from the number of days allowed for the Department's next action in the appropriate schedule for each day that the Department's action is tardy, unless the schedule for taking such action has been extended pursuant to 310 CMR 4.04(2)(e) or (f).
 - b. Should the Department fail to take timely action on a permit application within any final review period, subject to any adjustment required by 310 CMR 4.04(2)(d)2 and 4.04(2)(d)3.a., the Department shall refund the permit application fee paid by the applicant, unless the schedule for taking such action has been extended pursuant to 310 CMR 4.04(2)(e) or (f). The Department shall continue to process the permit application following a refund.
 - c. Notwithstanding 310 CMR 4.04(2)(d)3.b., the Department shall continue to process a permit application pursuant to M.G.L. c. 21E and 310 CMR 40.0000 on a high priority basis.
 - 4. Tardy Action by Applicant. Should the applicant fail to respond to the Department's statement of deficiencies within the period provided for doing so, the application may be deemed withdrawn, unless the schedule for doing so has been extended pursuant to 310 CMR 4.04(2)(e)3. or (f). The Department shall issue a final decision to deny or approve in a technical review period.

4.04: continued

(e) Extension of Schedule by Other Actions.

1. Failure of Payment. Whenever a check or other form of payment of a permit application fee is returned for insufficient funds, or if payment in full is in any other manner prevented, the schedule for timely action shall be suspended. The Department shall notify the applicant of such suspension in writing. When the Department has verified receipt of payment in full, the Department shall so notify the applicant in writing. The time period for the Department to complete the next relevant action shall be that period specified in the schedule for timely action, subject to any modification in accordance with 310 CMR 4.04(2)(d)2., 4.04(2)(d)3., or 4.04(2)(f), beginning on the day after such notice is issued

2. Extension of Periods for Departmental Action.

a. The time periods for the Department to take any action shall be extended whenever the Department determines that action by another federal, state, or municipal governmental agency is required before the Department may act, or that judicial proceedings affect the ability of the Department or the applicant to proceed with the application, or when the Department has commenced enforcement proceedings which could result in revocation of an existing permit for that facility or activity and denial of the application. The applicant shall promptly notify the Department in writing whenever it believes that action by another governmental agency is required, or that judicial proceedings affect the ability of the Department or the applicant to proceed with the application.

b. The Department shall provide written notice of such determination to the permit applicant as promptly as practicable, but in no event later than the date by which the Department or the applicant was next to have completed an action. Such notice shall contain a statement of the reasons for which the schedule must be extended. Such a determination shall not be deemed to give rise to any right to an adjudicatory hearing. The applicant may pursue any available judicial remedy.

c. When the Department determines that the reason for such extension is no longer applicable, the Department shall so notify the applicant in writing. The time period for the Department to complete the next relevant action shall be that period specified in the schedule for timely action, beginning on the day after such notice is issued.

3. Extension of Periods for Action by Applicant.

a. The time periods for the applicant to take any action shall be extended whenever the Department determines that judicial proceedings affect the ability of the Department or the applicant to proceed with the application. The applicant shall promptly notify the Department in writing whenever it believes that judicial proceedings affect the ability of the Department or the applicant to proceed with the application.

b. The Department shall provide written notice of such determination to the permit applicant as promptly as practicable, but in no event later than the date by which the Department or the applicant was next to have completed an action. Such notice shall contain a statement of the reasons for which the schedule must be extended. No determination by the Department concerning the applicant's ability to proceed with the application shall be deemed to give rise to any right to an adjudicatory hearing. The applicant may pursue any available judicial remedy.

c. When the Department determines that the reason for such extension is no longer applicable, the Department shall so notify the applicant in writing. The time period for the applicant to complete the next relevant action shall be that period specified in the schedule for timely action, subject to any modification in accordance with 310 CMR 4.04(2)(f), beginning on the day after such notice is given.

d. In no event shall the period allowed for action by the applicant exceed two years, except in accordance with an agreement executed pursuant to 310 CMR 4.04(2)(f), or a schedule established pursuant to 310 CMR 4.05.

(f) Extension of Schedule by Agreement. The applicant and the Department may, by written agreement, extend any schedule for timely action or any individual portion thereof.

4.04: continued

(g) Schedules for Projects Requiring more than One Permit. In order to ensure efficient and coordinated review of all relevant issues, whenever more than one type of permit from the Department is required for any project, the Department may, upon written notice to the applicant adjust the schedules for timely action for all such permits to coincide with that schedule providing for the latest review period at each step of the review process. The Department shall consult with the applicant prior to issuing any such notice.

(3) Provisions for Payment of Permit Application Fee.

(a) The Commissioner may specify through the establishment of payment invoices, permit application forms, or other standardized instructions the form and manner of payment of all permit application fees. Payment in other forms or manners shall not be deemed payment for purposes of any schedule for timely action, unless and until the Department verifies payment and so notifies the applicant in writing.

NON-TEXT PAGE

4.04: continued

(b) The Department may require that persons applying for permits as a result of enforcement action by the Department or another agency of the Commonwealth or its subdivisions shall pay double the otherwise applicable fee.

(c) Hardship Requests: extension of time for making payment.

1. In instances of severe financial hardship, the Commissioner may, at his or her discretion, grant a timely request to extend the time for making payment. The permittee shall bear the burden of persuasion that the request should be granted.

2. An applicant seeking an extension of time for making payment shall file a written request for extension with the permit application. The request shall be filed in the form and manner specified by the Commissioner, and shall include the following:

- a. the applicant's name and address;
- b. the amount of the fee due;
- c. the circumstances the applicant believes constitute severe financial hardship;
- d. a proposed schedule for making payment; and
- e. the reasons the applicant believes the proposed schedule is appropriate.

3. Within 30 days of receipt of a request for extension, the Commissioner shall notify the applicant making the request of the Department's decision on the request. Notice shall be given to the permittee by any method described in 310 CMR 4.03(3)(a). The Commissioner may request any supplemental information from the applicant to aid in such decision. No schedule for timely action shall begin until the Department makes a decision on the request for extension. The Commissioner's decision on such a request shall not be deemed to give rise to any right to an adjudicatory hearing.

4. If the request is granted, the decision shall set forth a schedule for making payment. The Department may adopt or modify the schedule proposed by the applicant, or may develop its own schedule as appropriate. Failure by the applicant to make payments when due pursuant to the schedule established by the Department shall suspend the schedule for timely action until payment is made.

5. If the request is denied, the schedule for timely action shall begin in accordance with 310 CMR 4.04(2)(a).

(d) Withdrawal of Application.

1. If the applicant withdraws the permit application before the period for technical review has begun, the Department shall retain 50% of the permit application fee and shall refund the balance to the applicant.

2. If the applicant withdraws the permit application during or after the period for technical review, the Department shall retain the entire permit application fee.

(e) Refund and Credit.

1. For permit categories allowing fees calculated by the applicant, a Department determination during the administrative completeness review that an incorrect fee amount was paid, shall result in a refund or additional amount due, as applicable. A determination of an incorrect fee calculation during the technical review period shall result in a 50% refund if overpayment was made or the requirement for the additional fee amount if underpaid.

2. A Department determination during the administrative completeness review that no permit is required of the applicant shall result in a refund of 100% of the application fee paid. The determination made during the technical review period shall result in a 50% refund.

3. A Department determination during administrative completeness review that an application is for an incorrect permit category shall result in (a) a credit of 100% of the paid fee toward the correct permit category fee and a refund of the balance, if any, or (b) a refund of 50% of the balance where information in addition to the original application was required for the determination, or (c) requirement for additional payment of the balance for the correct category's higher fee. A Department determination of incorrect application category during technical review shall result a 100% credit of the paid fee amount toward the correct permit category fee, a 50% refund of the balance, if any, or requirement for payment for a higher fee.

4.05: Alternative Project-specific Schedules and Fees

- (1) Applicability. The provisions of 310 CMR 4.05 shall apply:
 - (a) to permit applications and projects within categories designated in 310 CMR 4.10 (Appendix) as individual rule projects; or
 - (b) to permit applications and projects, except those pursuant to M.G.L. c. 21E and 310 CMR 40.0000 and except Notices of Intent pursuant to M.G.L. c. 131, § 40 and 310 CMR 4.10(8)(n), for which the Department finds that due to the size, novelty, complexity, or technical difficulty of the project
 1. the amount of work required by the Department in processing the permit application will exceed by a factor of two or more the amount of work assumed as the basis in establishing the permit application fee for such permits set forth in 310 CMR 4.10(Appendix), and
 2. the work required of the Department can not be completed within the schedule for timely action set forth for such permits in 310 CMR 4.10(Appendix). The Department shall provide written notice of such finding to the applicant within 30 days of receiving the permit application. The notice shall contain a statement of the basis for the Department's determination and a summary of the provisions of 310 CMR 4.05.
- (2) Establishment of alternative schedule for timely action and permit application fee.
 - (a) The Department shall negotiate with the applicant concerning the establishment of the schedule for timely action and permit application fee.
 - (b) Within 45 days of receipt of the permit application for an individual rule project, or within 45 days of making the determination set forth in 310 CMR 4.05(1)(b), or within such other period as the Department and the applicant agree in writing, the Department shall establish both an alternative schedule for timely action and a permit application fee, based on the costs and time of the extraordinary work required to process such permit application. The Department may establish the alternative permit application fee in the form of actual costs billed at the average rates set forth in 310 CMR 4.05, subject to a stated maximum billing amount.
 - (c) In establishing any permit application fee under 310 CMR 4.05, the Department and the applicant shall use as a basis the following average daily and hourly costs:
 1. Loaded Daily Rate: \$685 per 7.5 hour day of technical staff time except that air quality permits shall use \$645, effective June 27, 2003. The applicable daily overtime charge rate may be used following a positive Department determination for a public interest expedited review and agreement by the applicant.
 2. Loaded Hourly Rate: \$90 per hour of technical staff time for fractions of a day except that air quality permits shall use \$85, effective June 27, 2003. The applicable hourly overtime charge rate may be used following a positive Department determination for a public interest expedited review and agreement by the applicant. For purposes of 310 CMR 4.05, "technical staff" shall be deemed to include staff in all professional categories, including without limitation engineers, environmental analysts, chemists, biologists, geologist, hydrogeologists, attorneys, and planners.
 - (d) Limits on alternative schedule and fee. In no case shall the fee established pursuant to 310 CMR 4.05 be lower than fees established in 310 CMR 4.10(Appendix) for that class of permit, if any, nor shall the schedule for timely action require action more rapid than the time for comparable action allowed in the schedule established in 310 CMR 4.10(Appendix), for that class of permit, if any.
- (3) Review of alternative schedule for timely action or permit application fee.
 - (a) General. An applicant aggrieved by the Department's action in establishing a schedule for timely action or a permit application fee pursuant to 310 CMR 4.05 may within ten days of receipt of the alternative schedule for timely action and permit application fee established by the Department notify the Department that it seeks review. Failure to so notify the Department within ten days shall be deemed a waiver of the right to review. The applicant may seek review pursuant to either or both of 310 CMR 4.05(3)(c) and (d).
 - (b) Filing of Notice. An applicant seeking review under 310 CMR 4.05 shall file a written notice in the form and manner specified by the Commissioner. The notice shall include the following:
 1. the applicant's name and address;
 2. the fee amount and schedule established by the Department;
 3. a statement indicating whether the applicant elects to proceed on a true cost basis pursuant to 310 CMR 4.05(3)(c), to request an adjudicatory hearing pursuant to 310 CMR 4.05(3)(d), or to do both; and

4.05: continued

4. materials satisfying the additional filing requirements of 310 CMR 4.05(3)(c) or (d), as applicable.
- (c) True Cost Procedure.
1. General. An aggrieved applicant may elect to proceed with the application on a true cost basis. The Department shall diligently and in good faith process the permit application, taking all reasonable measures to achieve compliance with the alternative schedule for timely action established pursuant to 310 CMR 4.05(2); provided, that the provisions of 310 CMR 4.04(2)(d)3.b. shall not apply.
 2. Additional Filing Requirement. The applicant shall include with the notice required by 310 CMR 4.05(3)(b) a payment of at least ½ of the alternative permit application fee established pursuant to 310 CMR 4.05(2) as a deposit.
 3. The Department shall provide a monthly cost statement to the applicant based on the average rates specified in 310 CMR 4.05(2)(c) and the days or hours of work performed by technical staff. Whenever the Department's costs as reflected in the cost statement exceed the balance already paid by the applicant, the applicant shall within 30 days pay all outstanding amounts. Failure by applicant to make such payments shall be grounds for the Department to discontinue work on the application.
 4. The Department shall withhold its final decision on the permit application until the applicant has made full payment.
 5. Nothing in 310 CMR 4.05 shall prevent the Department from denying a permit request where it finds the application and supporting materials inadequate.
- (d) Adjudicatory Hearing Procedure.
1. General. An aggrieved applicant may elect to request an adjudicatory hearing, pursuant to M.G.L. c. 30A. 310 CMR 1.00 *et seq.* shall govern such proceedings.
 2. Additional Filing Requirement. The applicant shall include with the notice required by 310 CMR 4.05(3)(b) the adjudicatory hearing fee required by 310 CMR 4.06 and a clear and concise statement of
 - a. the facts which are grounds for the proceeding; and
 - b. the relief sought, including an identification of all desired changes in the alternative schedule for timely action and permit application fee set by the Department.
 3. Except as provided by 310 CMR 4.05(3)(c) when the applicant has elected both to proceed on a true cost basis and to request an adjudicatory hearing, no permit application fee shall be due and no schedule for timely action shall be in effect, pending resolution of the request for adjudicatory hearing.
 4. Standards. In any hearing pursuant to 310 CMR 4.05(3)(d), the average rates established in 310 CMR 4.05(2)(c) shall be used as the basis of the fee determination, and the alternative schedule for timely action and permit application fee established by the Department shall be revised only where the applicant demonstrates by a preponderance of the evidence that the Department's position was unreasonable, arbitrary, or capricious.
- (4) Alternative Annual Compliance Assurance Fee.
- (a) The Department shall establish an annual compliance assurance fee as a condition of a permit issued for a project subject to 310 CMR 4.05(4), based on the costs of the Department reasonably necessary to ensure compliance with the permit. The provisions of 310 CMR 4.05(2)(d) shall apply to such fees.
 - (b) An applicant aggrieved by the establishment of such fee may seek review of the fee in accordance with applicable procedures for appealing other permit terms or conditions established by the permit decision, provided that;
 1. in any hearing concerning such fee, the average daily and hourly rates set forth in 310 CMR 4.05(2)(c) shall be used as the basis of the fee; and
 2. in any such hearing, the fee established by the Department shall be revised only where the applicant demonstrates by a preponderance of the evidence that the Department's position was unreasonable, arbitrary, or capricious.
 - (c) Future request for adjustment of fee. The permittee may request the Department to adjust an annual compliance assurance fee established pursuant to 310 CMR 4.05(4) by regulation or established pursuant to 310 CMR 4.05(4) by:

4.05: continued

1. filing an application to modify or amend the permit in which the fee is established; or
 2. requesting revision in the fee during any review of 310 CMR 4.00 *et seq.* and revision of fees established herein.
- (5) Special Project. Permits for projects determined by the commissioner to have significant environmental interest, or consistency with sustainable development principles, or projects which meet the criteria in M.G.L. c. 21A, § 18(d) clauses (1) and (2) but do not otherwise conform with the requirements of M.G.L. c. 21A, § 18(d) clauses (1) through (4), effective October 7, 2005.

4.06: Adjudicatory Hearing Filing Fee

- (1) Filing Fee.
- (a) Any person filing a notice of claim for an adjudicatory appeal before the Department shall pay a filing fee of \$100.00. Exemptions from the filing fee are defined in the first sentence of Person at 310 CMR 4.02.
 - (b) The filing fee for a simplified hearing as described in 310 CMR 1.01(8)(c)2. is \$25.00 on or after November 3, 1995. Where a filing fee of \$100.00 has been received and the Department conducts a simplified hearing, the Department will refund \$75.00.
 - (c) The required form and manner of payment shall be specified by the Department as an element of notice of any right to request an adjudicatory hearing.
 - (d) Failure to pay the filing fee shall be a ground for dismissal of the request for hearing.
 - (e) The Department shall refund the filing fee for appeals of enforcement orders or administrative penalties when the Department withdraws the order or penalty or renders a final decision wholly in favor of the person requesting the appeal. The Department shall not refund the filing fee for appeals of permits or for appeals of enforcement orders or administrative penalties where the terms of an order are revised or the amount of a penalty is reduced.
- (2) Waiver of Filing Fee.
- (a) Upon a showing of undue financial hardship, the Department may waive the filing fee set forth in 310 CMR 4.06(1). A person who believes that payment of the fee would be an undue financial hardship shall file with the request for adjudicatory hearing a request for waiver of the fee together with an affidavit setting forth the facts the appellant believes constitute the undue financial hardship. The Department may request additional information from the appellant to assist in making a determination of undue financial hardship.
 - (b) The Department shall render a written determination waiving or denying waiver of the filing fee. If the Department denies the request for waiver, the appellant shall pay the filing fee within ten days of the date of the Department's decision. Failure to make such payment shall void the request for hearing.

4.08: Public Record Fees

Fees for providing public records shall be determined in accordance with 950 CMR 32.00 *et seq.*

4.09: Targeted Technical Assistance Fees

- (1) General. The provisions of 310 CMR 4.09 shall apply to specifically targeted seminars, training sessions, and written materials, or other forms of technical assistance in which participation is voluntary. The Department may charge fees for attendance at, participation in, or receipt of such specifically targeted technical assistance in accordance with the provisions of 310 CMR 4.09. The Department may waive a portion of the fee to enable public officials or students to attend training sessions or seminars or receive materials at reduced cost.
- (2) Determination of Fee.
- (a) Costs. In establishing a fee for any specifically targeted technical assistance event or written material, the Department may consider its actual costs for developing, producing, or making such assistance available, including without limitation.

4.09: continued

1. costs for development, preparation, testing and evaluation, and presentation, in the form of staff time or incurred expense;
2. design, printing, copying, and mailing costs;
3. reasonable costs associated with obtaining necessary facilities or equipment; and
4. reasonable costs associated with providing meals or refreshments for seminar or training session participants, where appropriate.

NON-TEXT PAGE

4.09: continued

(b) The Department shall prepare a statement of the manner in which any fee to be charged for targeted technical assistance was determined, including the costs considered in establishing the fee and the expected number of participants or recipients assumed. The Department shall make such statement available to any person upon request.

(3) Notice of Fee.

(a) For any training session, seminar, or similar form of technical assistance for which a fee is to be charged, the Department shall provide notice of the fee amount to all potential participants at or before the time of registration.

(b) For any written materials prepared for distribution for which a fee is to be charged pursuant to 310 CMR 4.09, the Department shall provide notice of the fee amount on the cover or cover page of such materials. This requirement shall not apply to materials used in a training session, seminar, or similar form of technical assistance where the fee, if any, for such materials is included in the cost identified pursuant to 310 CMR 4.09(3)(a).

4.10: Appendix: Schedules for Timely Action and Permit Application Fees

(1) General.

(a) Unless otherwise specifically provided in 310 CMR 4.10, timely action schedules and application fees in effect on the day the application is filed, shall apply to that application.

(b) The following permit category sets as established in 310 CMR 4.10 effective January 1, 1991 are consolidated effective July 1, 1992: BRPWP 06 and 07, BRPWP 08 and 09, BRPWP 21 and 22, BRPWP 23 and 24, BRPWP 35 and 36; BWPIW 03 and 04, BWPIW 05, 06 and 07, BWPIW 08 and 09, BWPIW 10 and 11, BWPIW 13 and 14, BWPIW 12 and 15, BWPIW 16 and 17, BWPIW 18 and 19, BWPIW 21 and 22.

For reviews pending on July 1, 1992 in categories BRPWP 06, 08, 21, 23, 35, BWPIW 03, 05, 06, 08, 10, 12, 14, 16, 18, 21, the applicant may upon issuance of that permit, file an application in the consolidated category. The consolidated category timely action schedule and permit application fee amount for such application shall be that which would have been applicable prior to July 1, 1992 for the remaining permits of the set.

Permit categories BRPWS13 and 14 and BRPWS15 and 16 are consolidated effective July 1, 1993. For reviews pending on July 1, 1993 in BRPWS 13 or 15, the applicant may upon issuance of that permit, file an application in the consolidated category. The schedule and fee amount for such application shall be that which would have been applicable prior to July 1, 1993 for the remaining permit of the set.

(c) State Agency Applicants. For state agency applicants, any permit application fee of \$100 or less shall be waived as representing an administrative expense associated with transfer of funds between state agencies that is a substantial portion of the fee. Notwithstanding the prior sentence, fees pursuant to M.G.L. c. 21E shall be required of state agency applicants.

(d) Refund. The Department shall notify applicants and allow submission of an application for a refund within 30 days for those permit applications filed on January 1, 1992 through June 30, 1992 with a review pending on July 1, 1992, and for which a reduced fee may have been available if the application had been filed on or after July 1, 1992. The amount of the refund, if any, shall be the difference between the old and new fee. 310 CMR 4.10(1)(d) shall not apply to individual rule and alternative schedule projects.

(e) When BWSC10, BWSC20 and/or BWSC30 applications for a single disposal site are submitted concurrently, the applicant shall only be required to pay one application fee.

(2) Bureau Of Waste Prevention - Air Quality Control.

Plan Approvals.

- (a) (BWPAQ01) Permits for air quality, plan approvals
 - 1. Category: Limited plan approvals
 - 2. Description: Permit to construct, substantially reconstruct or alter any facility required to obtain a limited plan approval pursuant to 310 CMR 7.02(4).
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$525
- (b) (BWPAQ02) Permits for air quality, plan approvals
 - 1. Category: non-major comprehensive plan approval.
 - 2. Description:
 - a. Permit to construct, substantially reconstruct or alter a facility pursuant to 310 CMR 7.02(5) where the construction, substantial reconstruction or alteration has potential emissions equal to or greater than five tons per year and less than 100 tons per year of either any criteria air contaminant or the sum of the emissions of all other air contaminants, excluding products of combustion; or
 - b. Permit to construct, substantially reconstruct or alter a fuel utilization facility where the portion being constructed, substantially reconstructed or altered has an energy input capacity equal to or greater than the threshold requirements of 310 CMR 7.02(5)(a)2. and will result in an increased potential emissions less than 100 tons per year of any criteria air contaminant; or
 - c. Permit to construct an incinerator having a capacity of less than or equal to 2000 pounds per hour of waste;
 - d. Permit to substantially reconstruct or alter any incinerator;
 - e. Permit required pursuant to 310 CMR 7.02(5)(a)10.;
 - f. Notwithstanding 310 CMR 4.10(2)(b)2.a. through e., any construction, substantial reconstruction or alteration that is subject to 310 CMR 7.00: *Appendix A* (Non-attainment review), or 40 CFR 52.21 (Prevention of Significant Deterioration) shall be classified as a major plan approval.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.

4.10: continued

- c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 4. Permit application fee: \$1,930
- (c) (BWPAQ03) Permits for air quality, plan approvals
 - 1. Category: major comprehensive plan approval
 - 2. Description:
 - a. Permit to construct, substantially reconstruct or alter a facility pursuant to 310 CMR 7.02(5) where the construction, substantial reconstruction or alteration has potential emissions greater than or equal to 100 tons per year of either any criteria air contaminant or the sum of the emissions of all other air contaminants, excluding products of combustion, or;
 - b. A permit subject to Prevention of Significant Deterioration (PSD) requirements (40 CFR 52.21 at 310 CMR 7.02(5) or;
 - c. A permit subject to non-attainment review, 310 CMR 7.00: *Appendix A* or;
 - d. (Reserved)
 - e. Permit to construct, substantially reconstruct or alter a fuel utilization facility where the portion being constructed, substantially reconstructed or altered has an energy input capacity equal to or greater than the threshold requirements of 310 CMR 7.02(5)(a)2. and will result in increased potential emissions greater than or equal to 100 tons per year of any criteria air contaminant; or
 - f. (Reserved)
 - g. A permit to construct an incinerator having a waste capacity greater than 2000 pounds per hour of waste.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 160 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies for categories 310 CMR 4.10(2)(c)2. a, b, c, e and g and within 45 days for category 310 CMR 4.10(2)(c)2.d.
 - d. Within 160 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$19,780
- (d) (BWPAQ08) Permits for Emission Control Plans
 - 1. Category: emission control plans
 - 2. Description: Emission control plan required pursuant to 310 CMR 7.18 *et seq.* or 7.19 *et seq.*
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. where compliance can be achieved by meeting emission limitations specifically articulated in 310 CMR 7.00, including through the use of emissions averaging or trading as described in 310 CMR 7.00: *Appendix B*
 - (i) Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - (ii) Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.

4.10: continued

- (iii) The permit applicant may remedy identified deficiencies within 45 days of the Department's statement identifying deficiencies, if any.
 - (iv) Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - (v) Within 45 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
- b. Where approval is required by the US Environmental Protection Agency as a single source SIP (State Implementation Plan) revision to demonstrate compliance with federally mandated RACT because compliance cannot be achieved by meeting emission limitations specifically articulated in the 310 CMR 7.00, or to satisfy 310 CMR 7.18(17) or 7.19(12),
 - (i) Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - (ii) Within 160 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - (iii) The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - (iv) Within 160 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - (v) Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
- 4. Permit application fee:
 - a. Permits meeting the description of 310 CMR 4.10(2)(d)3.a.: \$1,530
 - b. Permits meeting the description of 310 CMR 4.10(2)(d)3.b.: \$18,155
- (e) (BWPAQ09) Permit to restrict potential emissions.
 - 1. Category: permit restrictions or Restricted emission status (RES).
 - 2. Description: permit restriction issued to any facility pursuant to 310 CMR 7.02(9) to restrict potential emissions in order to:
 - a. allow redesignation for purposes of annual compliance fee for permittees for regulated air contaminants; or
 - b. lower potential emissions below the Reasonably Available Control Technology (RACT) applicability thresholds for halogenated organic compounds (HOC) (310 CMR 7.18); or
 - c. lower federal potential emissions below the Reasonably Available Control Technology (RACT) applicability thresholds for volatile organic compounds (310 CMR 7.18 and 310 CMR 7.00: *Appendix C* where applicable); or
 - d. lower federal potential emissions below the Reasonably Available Control Technology (RACT) applicability thresholds for oxides of nitrogen (NO_x) (310 CMR 7.19 and 310 CMR 7.00 *Appendix C* where applicable); or
 - e. restrict federal potential emissions of regulated pollutants to eliminate applicability to an otherwise applicable requirement, including but not limited to, 310 CMR 7.00 *Appendix C*.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review

4.10: continued

- e. Within ten days of the close of the period for public comment, including public hearing, if applicable, the Department will complete a public comment review.
- 4. Permit application fee: \$1,550

Asbestos and Construction Notifications

(f) (BWPAQ04) Permits for Asbestos

- 1. Category: Asbestos removal notification
- 2. Description: Notification submitted to satisfy the requirements of 310 CMR 7.15 (1)(b) for handling of asbestos from industrial, commercial and institutional sites and residential property, excluding owner-occupied residential property with four or fewer units.
- 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within ten working days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review and indicate deficiencies, if any, to the applicant.
 - b. The permit applicant may remedy identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any. Submission of amended information, except as provided in 310 CMR 4.10, within the 30 day period shall not constitute a new notification. Submission at any time of amended information changing job start or end dates by more than 30 days from the original dates shall constitute a new notification subject to 310 CMR 4.10(f).
 - c. Within ten working days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a final review.
- 4. Permit application fee: \$85

(g) (BWPAQ05) Permits for Asbestos

- 1. Category: Blanket plan notification
- 2. Description: Notification submitted of plan for multiple demolition or renovation jobs within a single facility during a period not to exceed one year, where permitted by the Department pursuant to 310 CMR 7.15(1)(b)2.c.
- 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 20 days of receipt of an application and payment of the permit application fee, the Department shall complete an initial review and notify the applicant of any deficiencies.
 - b. The permit applicant may remedy identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - c. Within 20 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a final technical review.
- 4. Permit application fee: \$35 per job covered; \$85 minimum.

(h) (BWPAQ06) Construction and Demolition Notification

- 1. Category: Notification prior to construction or demolition of an industrial, commercial, or institutional building or residential building with 20 or more units, pursuant to 310 CMR 7.09(2).
- 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within ten working days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review and indicate deficiencies, if any, to the applicant.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any. Submission of amended information, except as provided in 310 CMR 4.10, within the 60 day period shall not constitute a new notification.

4.10: continued

c. Within ten working days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a final review.

3. Permit application fee: \$85

Operating Permits

(j) (1) (BWPAQ10) Permits for air quality, plan approvals

1. Category: 310 CMR 7.00: *Appendix C* minor modification registration
2. Description: registration of minor modification to a facility holding an operating permit required by 310 CMR 7.00: *Appendix C*.
3. Schedule for timely action: for applications which are filed and fee received on or after June 27, 2003, the Department shall complete a final review within 60 days.
4. Permit Application Fee: \$430

(j)(4) (BWPAQ14) Permits for Air Quality Control

1. Category: 310 CMR 7.00: *Appendix C* operating permit for new construction of a major source
2. Description: operating permit for new construction pursuant to 310 CMR 7.00: *Appendix C*.
3. Schedule for timely action: for applications which are filed and fees received on or after June 27, 2003,
 - a. Within 60 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 180 days of a determination of administrative completeness, the Department shall conduct a technical review.
 - c. The permit applicant may remedy identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - d. Within 180 days of receipt of materials from the applicant, in response to the Department's statement identifying deficiencies, the Department shall conduct a supplemental technical review.
 - e. Within 45 days of the completion of a public comment period including public hearing, if applicable, the Department shall complete a proposed decision for submission to EPA.
 - f. Within 45 days of the receipt of EPA final comment on the proposed decision, the Department shall complete a final review.
4. Permit application fee: \$ Calculated, in accordance with definitions in 310 CMR 7.00, by adding (AA X \$ 9) plus (EC X \$549) plus (EU X \$405) but not less than \$2312; where AA is the Adjusted Actual Emissions tons per year of criteria pollutants for the calendar year prior to the submittal of an application for an operating permit, excluding carbon monoxide, capped at 4000 tons/year per pollutant; and EC is an Emissions Unit with Air Pollution Control Equipment; and EU is an Emissions Unit with no Air Pollution Control Equipment.

Implementation of Operating Permit Program

(k)(2) (BWPAQ15) Permits for Air Quality Control

1. Category: Group A operating permits
2. Description: Operating permits for Group A facilities defined in 310 CMR 7.00: *Appendix C*(4)(a) in either Standard Industrial Classification (SIC) group 49 or 51.

4.10: continued

3. Schedule for timely action: for applications which are filed, and fees received, on or after June 27, 2003,
 - a. Within 60 days of receipt of an application and payment of an application fee, the Department shall complete an administrative completeness review.
 - b. Within 180 days of a determination of administrative completeness, the Department shall conduct a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 180 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 45 days of the completion of a public comment period including public hearing, if applicable, the Department shall complete a proposed decision for submission to EPA.
 - f. Within 45 days of the receipt of EPA final comment on the proposed decision, the Department shall complete a final review.
 4. Permit Application Fee: Calculated, in accordance with definitions in 310 CMR 7.00, by adding (AA X \$9) plus (EC X \$549) plus (EU X \$405) but not less than \$2312; where AA is the Adjusted Actual Emissions tons per year of criteria pollutants for the calendar year prior to the submittal of an application for an initial operating permit, excluding carbon monoxide, capped at 4000 tons/year per pollutant; and EC is an Emissions Unit with Air Pollution Control Equipment; and EU is an Emissions Unit with no Air Pollution Control Equipment.
- (k)(3) (BWPAQ16) Permits for Air Quality Control
1. Category: Group B operating permits
 2. Description: Operating permits for Group B facilities defined in 310 CMR 7.00: *Appendix C(4)(a)* in any of the following Standard Industrial Classification (SIC) groups: 22, 23, 25, 26, 27, 28, 30, 31, 36, 38, 97 and 99.
 3. Schedule for timely action: for applications which are filed, and fees received, on or after June 27, 2003,
 - a. Within 60 days of receipt of an application and payment of an application fee, the Department shall complete an administrative completeness review.
 - b. Within 300 days of a determination of administrative completeness, the Department shall conduct a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 45 days of the completion of a public comment period including public hearing, if applicable, the Department shall complete a proposed decision for submission to EPA.
 - f. Within 45 days of the receipt of EPA final comment on the proposed decision, the Department shall complete a final review.
 4. Permit application fee: Calculated, in accordance with definitions in 310 CMR 7.00, by adding (AA X \$9) plus (EC X \$549) plus (EU X \$405) but not less than \$2312; where AA is the Adjusted Actual Emissions tons per year of criteria pollutants, for the calendar year prior to the submittal of an application for an initial operating permit, excluding carbon monoxide, capped at 4000 tons/year per pollutant; and EC is an Emissions Unit with Air Pollution Control Equipment; and EU is an Emissions Unit with no Air Pollution Control Equipment.
- (k)(4) (BWPAQ17) Permits for Air Quality Control
1. Category: Group C operating permits
 2. Description: Operating permits for Group C facilities defined in 310 CMR 7.00: *Appendix C(4)(a)* in any of the following Standard Industrial Classification (SIC) groups: 01, 14, 20, 24, 29, 32, 33, 34, 35, 37, 39, 45, 50, 56, 63, 65, 70, 72, 80, 82, 86, and 95 or other stationary sources not classified as Group A or B facilities.
 3. Schedule for timely action: for applications which are filed, and fees received, on or after June 27, 2003,

4.10: continued

- a. Within 60 days of receipt of an application and receipt of an application fee, the Department shall complete an administrative completeness review.
 - b. Within 180 days of a determination of administrative completeness, the Department shall conduct a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 180 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 45 days of the completion of a public comment period including public hearing, if applicable, the Department shall complete a proposed decision for submission to EPA.
 - f. Within 45 days of the receipt of EPA final comment on the proposed decision, the Department shall complete a final review.
4. Permit application fee: Calculated, in accordance with definitions in 310 CMR 7.00, by adding (AA X \$9) plus (EC X \$549) plus (EU X \$405) but not less than \$2312; where AA is the Adjusted Actual Emissions tons per year of criteria pollutants for the calendar year prior to the submittal of an application for an initial operating permit, excluding carbon monoxide, capped at 4000 tons/year per pollutant; and EC is an Emissions Unit with Air Pollution Control Equipment; and EU is an Emissions Unit with no Air Pollution Control Equipment.
- (l) (BWPAQ18) Permits for Air Quality; Emission Reduction Certification
1. Category: Certification of emission reductions for emission banking and trading pursuant to 310 CMR 7.00: *Appendix B*.
 2. Description: Certification of emission reductions which exceed state and federal requirements as Emission Reduction Credits (ERCs).
 3. Schedule for timely action: for projects for which applications are filled and fees received on or after October 7, 2005,
 - a. Within 60 days of receipt of an application and payment of the permit application fee the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, if any, the Department shall complete a supplemental technical review.
 - e. Within 45 days of the close of the period for public comment, including any public hearing, the Department shall complete public comment review and issue final decision.
 4. Permit application fee:
 - \$1000 greater than or equal to five but less than ten tons or tpy ERC
 - \$5000 greater than or equal to ten but less than 50 tons or tpy ERC
 - \$7500 greater than or equal to 50 but less than 100 tons or tpy ERC
 - \$12,500 greater than or equal to 100 but less than 500 tons or tpy ERC
 - \$15,000 greater than or equal to 500 tons or tpy ERC
- (m)(1) (BWPAQ19) - Permits for Air Quality
1. Category: Emission Control Plan pursuant to 310 CMR 7.27
 2. Description: Certification of Emission Control Plan under NO_x Allowance Program pursuant to 310 CMR 7.27(7)(b).
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit fee, the Department shall complete an administrative completeness review.
 - b. Within 30 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy any identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - d. Within 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall approve or deny the permit.
 4. Permit Application Fee: \$1,265

4.10: continued

(m)(2) (BWPAQ20) - Permits for Air Quality

1. Category: Emission Control Plan pursuant to 310 CMR 7.27
2. Description: Certification of Alternative Monitoring Emission Control Plan with required public comment period under NOx Allowance Program pursuant to 310 CMR 7.27(7)(b).
3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy any identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. within 60 days of the close of the public comment, including any public hearing, the Department shall complete a public comment review and issue or deny the permit.
4. Permit Application Fee: \$2,595

(m)(3) (BWPAQ21) - Permits for Air Quality

1. Category: Emission Control Plan pursuant to 310 CMR 7.27
2. Description: Certification of Emission Control Plan that includes operating practices, change in fuels, control efficiency, design, specifications, and standard operating and maintenance procedures for equipment used to meet the requirements of the NOx Allowance Program pursuant to 310 CMR 7.27(7)(b).
3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 60 days of the close of the public comment, including any public hearing, the Department shall complete a public comment review and issue or deny the permit.
4. Permit Application Fee: \$6,655

(m)(4) (BWPAQ22) - Permits for Emission Control Plan for Municipal Waste Combustors

1. Category: Municipal Waste Combustor emission control plan
2. Description: Emission Control Plan required pursuant to 310 CMR 7.08(2) *et seq.* for sources constructed prior to 1994
3. Schedule for timely action: for projects for which application is filed and fee received on or after August 21, 1998;
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental review.
 - e. Within 30 days of the close of the period for public comment, the Department will issue or deny the permit.
4. Permit Application Fee: \$7,180

4.10: continued

(3) Bureau of Waste Prevention - Hazardous Waste.

Hazardous Waste Recycling.

- (a)(1) (BWPHW21) Hazardous waste recycling permits
 - 1. Category: Class A recycling presumptive approval permit/renewal.
 - 2. Description: Class A recycling permit and permit renewals for Class A regulated recyclable material pursuant to 310 CMR 30.221(2) for recycling activities described in Table 310 CMR 30.221 and designated by an "N".
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 8, 2004,
 - a. Within 21 days the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 21 days of the Department's statement identifying deficiencies, if any.
 - c. Within 21 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a final review.
 - 4. Permit Application fee: \$130
- (b)(1) (BWPHW22) Hazardous waste recycling permits
 - 1. Category: Level I recycling permits and permit renewals

4.10: continued

2. Description:
 - a. Applications pursuant to 310 CMR 30.261 or 30.264 for a permit or permit renewal to market Class B(3) regulated recyclable materials described in 310 CMR 30.213(3), except those proposing to burn such materials for energy recovery;
 - b. Applications pursuant to 310 CMR 30.232 for a permit or permit renewal to recycle regulated materials described in 310 CMR 30.213(1);
 - c. Applications pursuant to 310 CMR 30.280 for a permit or permit renewal to recycle regulated recyclable materials described in 310 CMR 213(5);
 - d. Applications pursuant to 310 CMR 30.273 for a permit or permit renewal to recycle regulated recyclable materials described in 310 CMR 30.213(4).
3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee: \$200
- (c)(1) BWPHW23) Hazardous waste recycling permits
 1. Category: Level II recycling permits
 2. Description:
 - a. applications pursuant to 310 CMR 30.247 for a permit to recycle regulated recyclable materials described in 310 CMR 30.213(2);
 - b. applications pursuant to 310 CMR 30.260(3) or (4) for a permit to recycle regulated recyclable materials described in 310 CMR 30.213(3) in amounts less than 100,000 gallons per year;
 - c. applications for transfer stations pursuant to 310 CMR 30.010 and 30.277 concerning the regulated recyclable materials described in 310 CMR 30.213(4).
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 23, 2005,
 - a. Within 45 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within 45 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 45 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit Application fee: \$1,005
- (c)(2) BWPHW24) Hazardous waste recycling permits
 1. Category: Level II recycling permit renewals or modifications.
 2. Description: Level II recycling permit renewals or permit modifications for BWPHW23.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 7, 2005,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit Application fee: \$265
- (d)(1) (BWPHW25) Hazardous waste recycling permits
 1. Category: Level III recycling permits

4.10: continued

2. Description:
 - a. applications pursuant to 310 CMR 30.224 for a permit to recycle regulated recyclable materials described in 310 CMR 30.212(3) or (5) through (8) allowing applicants to accept for recycling such materials generated off site;
 - b. applications pursuant to 310 CMR 30.260(2) for a permit to market regulated recyclable materials described in 310 CMR 30.213(3);
 - c. applications pursuant to 310 CMR 30.260(3) or 30.260(4) for a permit to recycle regulated recyclable materials described in 310 CMR 30.213(3) in amounts equal to or greater than 100,000 gallons per year;
 - d. applications pursuant to 310 CMR 30.290 for a permit to recycle regulated recyclable materials described in 310 CMR 30.214.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 8, 2004,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within 120 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 120 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 30 days of the close of the period for public comment, including any public hearing, the department shall complete a public comment review.
 4. Permit Application fee: \$7,775
- (d)(2) (BWPHW26) Hazardous waste recycling permits
1. Category: Level III recycling permit renewals or modifications.
 2. Description: Level III recycling permits renewals or permit modifications for permits BWPHW25.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 7, 2005,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit Application fee: \$870
- (d) (BWPHW12) Hazardous waste recycling permits
1. Category: Level III Recycling Permit - Precious Metals
 2. Description: application for recycling facilities pursuant to 310 CMR 30.277 for a permit to recycle regulated recyclable material described in 310 CMR 30.213(4).
 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 120 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 120 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$4,760

4.10: continued

Hazardous Waste Transporters

- (g) (BWPHW05) Permits for Transporters of Hazardous Waste.
 - 1. Category: Permits to transport hazardous waste, including mixed waste, pursuant to 310 CMR 30.400, and 30.800.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 60 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - d. Within 30 days of the close of the period for public comment, the Department shall complete a public comment review.
 - 3. Permit application fee: \$2,810
- (g)(1) (BWPHW28) Permits for Transporters of Hazardous Waste
 - 1. Category: annual vehicle identification device (VID);
 - 2. Description: one or more vehicle VID(s)/sticker(s) for use during a single calendar year pursuant to 310 CMR 30.010 and 30.414 by a licensed hazardous waste transporter. After issuance of VID(s)/sticker(s) for use during a single calendar year, additional or replacement VID(s)/sticker(s) for the same calendar year may be requested without an additional fee.
 - 3. Schedule for timely action: for projects for which application is filed and fees received on or after November 8, 2002,
 - a. Within 90 days of receipt of an application and payment of the application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any,
 - c. Within 90 days of receipt of materials in response to the Department's statement identifying deficiencies, the Department shall complete a final review.
 - 4. Permit application fee: Calculated in accordance with 310 CMR 30.00 and 801 CMR 4.07 by adding the volume in pounds of all non-exempt hazardous waste manifested for transport in Massachusetts during the 12 months ending the March 31st prior to the application, and multiplying pounds by \$0.00084 for calendar year 2003 VID(s)/stickers and by \$0.00140 for applications for each year thereafter; but regardless of calculation, the fee shall be a minimum of \$50.00.
- (h)(1) (BWPHW14) Permit Renewals for Transporters of Hazardous Waste
 - 1. Category: Renewal of Hazardous Waste Transporter permits, including mixed waste, pursuant to 310 CMR 30.400 and 30.800.
 - 2. Schedule of Timely Action: for projects for which applications are filed and/or fees received on or after June 27, 2003,
 - a. Within 60 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any
 - c. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - d. Within 30 days of the close of the period for public comment, if any, the Department shall complete a public comment review.
 - 3. Permit application fee: \$1,935

4.10: continued

Transporters of Class B(4) Regulated Recyclable Material

- (i) (BWPHW06) Permits for Transporters of Class B(4) Regulated recyclable material
 - 1. Category: Permits for Transporters of Class B(4) Regulated recyclable material
 - 2. Description: Permit to transport Class B(4) Regulated Recyclable Materials pursuant to 310 CMR 30.213(4) and 30.275.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 60 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$1,050
- (j)(1) (BWPHW15) Permit Renewal for Transporters of Regulated Recyclable Material
 - 1. Category: Permit Renewal for Transporters of Regulated Recyclable Material
 - 2. Description: renewal of permit to transport Class B(4) Regulated Recyclable Material pursuant to 310 CMR 30.213(4) and 30.275.
 - 3. Schedule of Timely Action: for projects for which applications are filed and/or fees received on or after June 27, 2003,
 - a. Within 60 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$725

Hazardous Waste Transporter Permit and Class B(4) Regulated Recyclable Material Transporter Permit Modifications

- (j)(3) (BWPHW27) Permit Modification for Hazardous Waste Transporter Permit and Class B(4) Regulated Recyclable Material Transporter Permit.
 - 1. Category: Presumptive approval permit modification for Hazardous Waste transporter permits and Class B(4) Regulated Recyclable Material pursuant to 310 CMR 30.200, 30.400, and 30.800, as applicable.
 - 2. Description: Approval of a change in address, E.P.A. identification number, telephone number, waste categories/codes, and the following which are not 310 CMR 30.828 license transfers: name changes, stock transfers (less than 5% equity/liability), and new owners/operators.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy any identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - c. Within 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a final review.
 - 4. Permit application fee: \$230

Treatability Studies

- (k) (BWPHW07) Permits for hazardous waste
 - 1. Category: approval of hazardous waste treatability studies pursuant to 310 CMR 30.010 and 30.104(3)(c).

4.10: continued

2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 18, 2004,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 45 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 45 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
3. Permit application fee: \$2,195

TSD Facilities

- (l) (BWPHW08) Permits for hazardous waste treatment, storage, or disposal (TSD) facilities
 1. Category: license to operate or approval of closure plan for TSD facility.
 2. Description: Licenses for facilities that treat, store, or dispose of hazardous wastes, pursuant to 310 CMR 30.010, 30.099, and 30.800; approval of closure plans for such facilities pursuant to 310 CMR 30.010 and 30.580.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 8, 2004, individual rule project subject to 310 CMR 4.05.
 4. Permit application fee: individual rule project subject to 310 CMR 4.05.

TSD Facility Modification

- (m) (BWPHW09) Permits for TSD Facility Modifications
 1. Category: Class I modifications

4.10: continued

2. Description: modifications to TSD licenses pursuant to 310 CMR 30.852, which require prior written approval of the Department pursuant to 310 CMR 30.852(2)(b) and Table 30.852; and modifications to TSD licenses pursuant to 310 CMR 30.099(5) and 30.852, which require prior written approval of the Department pursuant to 310 CMR 30.852(2)(b) and Table 30.852.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 8, 2004,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. The applicant may elect to follow the procedures for Class II modifications. If the applicant so elects, the fee and schedule provisions applicable to Class II modifications at 310 CMR 4.10(3)(n) shall apply.
 4. Permit application fee: \$175
- (n) (BWPHW10) Permits for TSD Facility Modifications.
1. Category: Class II modifications
 2. Description: Modifications of licenses for TSD facilities pursuant to 310 CMR 30.852(3) and Table 30.852; and modifications to TSD licenses pursuant to 310 CMR 30.099(5) and 30.852(2).
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 8, 2004,
 - a. Within 120 days of the latest date of receipt of the application, payment of the application fee and filing of the public notice required by 310 CMR 30.852(2), the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 45 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$10,195
- (o) (BWPHW11) Permits for TSD Facility Modifications
1. Category: Class III modifications
 2. Description: Modifications of licenses for TSD facilities pursuant to 310 CMR 30.852(4) and Table 30.852 or 30.852(5); and modifications to TSD licenses pursuant to 310 CMR 30.099(5), and 30.852(3) or (4).
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 8, 2004, individual rule project subject to 310 CMR 4.05.
 4. Permit application fee: individual rule project subject to 310 CMR 4.05.
- (p) (BWPHW16) Permit for Declassification
1. Category: approval of declassification
 2. Description: approval of petition to classify waste as nonhazardous pursuant to 310 CMR 30.141 and 30.142.
 3. Schedule of Timely Action: individual rule project subject to 310 CMR 4.05.
 4. Permit application fee: for projects for which applications are filed and fees received on or after July 1, 1992, individual rule project subject to 310 CMR 4.05.

Research Facilities

- (q) (BWPHW20) Permits for hazardous waste research facilities.
1. Category: license to operate a research facility where research studies are conducted.

4.10: continued

2. Description: Licenses for facilities which intend to conduct research studies or otherwise engage in continuous research, development, and demonstration activities as defined in 310 CMR 30.010 and which require prior Department approval or approval to continue activities as required by 310 CMR 30.104(3)(d) and 30.864.
3. Schedule for timely action: for projects for which applications are filed and fees received on and after October 8, 2004, individual rule project subject to 310 CMR 4.05.
4. Permit application fee: individual rule project subject to 310 CMR 4.05.

(4) Bureau of Waste Prevention - Solid Waste.

Facility Siting

- (a) (BWPSW01) Permits for solid waste facility siting
 1. Category: solid waste facility site suitability report pursuant to 310 CMR 16.00 for a new site or expanded site or for a site assigned site applying for a major modification where the site had never received a site suitability report.
 2. Schedule for timely action: For projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 21 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of receipt of proof that the public notice requirement set forth in 310 CMR 16.10(4) has been satisfied by the applicant, the Department shall finish review and issue the site suitability report.
 3. Permit application fee: \$8,615
- (a)(1) (BWPSW38) Permits for solid waste facility siting
 1. Category: solid waste facility site suitability report pursuant to 310 CMR 16.22 for a major modification to site assignment where a site suitability report has previously been issued for the site.
 2. Schedule for timely action: For projects for which applications are filed and fees received on or after August 17, 2001,
 - a. Within 21 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of receipt of proof that the public notice requirement set forth in 310 CMR 16.10(4) has been satisfied by the applicant, the Department shall finish review and issue the site suitability report.
 3. Permit application fee: \$1,565
- (b) (BWPSW02) Permits for solid waste determination of need.
 1. Category: Determination of Need for large operation site assignment.
 2. Description: Determination of need for site assignment for recycling operation processing more than 100 tons per day in accordance with 310 CMR 16.05(6)(a).
 3. Schedule for timely action: For projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 4. Permit application fee: \$6,945
- (c) (BWPSW17) Permits for Solid Waste facility
 1. Category: Determination of Need for small operation site assignment.
 2. Description:
 - a. Determination of Need for site assignment for recycling operation processing no more than 100 tons per day pursuant to 310 CMR 16.05(6)(a).
 - b. Determination of Need for a site assignment for a composting operation in a accordance with 310 CMR 16.05(6).

4.10: continued

3. Schedule for timely action: For projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 20 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 20 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 30 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 4. Permit application fee: \$1,125
- (d) (BWPSW18) Permits for Modification of Facility Siting Permits
1. Category: modification of Determination of Need determined to require the applicant to submit a revised application pursuant to 310 CMR 16.05(9).
 2. Description: modification of Determination of Need where it is determined the applicant is required to submit a revised application pursuant to 310 CMR 16.05(9).
 3. Schedule of Timely Action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 20 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 20 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 30 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 4. Permit application fee: \$1,125

Transfer Station and Handling Facilities

- (g) (BWPSW05) Permits for solid waste transfer stations or handling facilities.
1. Category: Permit and authorization to construct a large solid waste transfer station, large handling facility, large composting facility or large C and D processing facility, pursuant to 310 CMR 19.041.
 2. Description:
 - a. Authorization to construct a large transfer station, large handling facility, or large C and D processing facility which receives 50 tons per day or more.
 - b. Authorization to construct a large composting facility which receives more than ten tons per day of solid waste.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 7, 2005,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 75 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 75 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 75 days of the close of the period of public comment, including any public hearing, the Department shall complete a public comment review.
 4. Permit application fee: \$5,890

4.10: continued

- (h) (BWPSW19) Permits for solid waste transfer stations or other handling facilities.
 - 1. Category: permit and authorization to construct a small solid waste transfer station, small handling facility, small composting facility, or small C and D processing facility pursuant to 310 CMR 19.041.
 - 2. Description:
 - a. Authorization to construct a small transfer station, small handling facility or small C and D processing facility which receives less than 50 tons per day.
 - b. Authorization to construct a small composting facility which receives no more than ten tons per day of solid waste.
 - 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after October 7, 2005,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 30 days of the close of the period of public comment, including any public hearing, the Department shall complete a public comment review.
 - f. Where a variance pursuant to 310 CMR 19.080 is required, the time periods for completion of technical and public comment reviews shall each be increased by 30 days.
 - 4. Permit application fee: \$1,690
- (i) (BWPSW06) Permits for solid waste transfer stations or other handling facility.
 - 1. Category: authorization to operate or renew operation permit for large transfer station, large handling facility, large composting facility, or large C and D processing facility pursuant to 310 CMR 19.042.
 - 2. Description:
 - a. Authorization to operate or renew operation permit for large transfer station, large handling facility or large C and D processing facility, which receives 50 tons per day or more.
 - b. Authorization to operate or renew operation permit for a large composting facility which receives more than ten tons per day of solid waste.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 7, 2005,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 45 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 45 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$1,580
- (j) (BWPSW20) Permits for solid waste transfer station or other handling facility.
 - 1. Category: authorization to operate or renew operation permit for a small transfer station, small handling facility, small composting facility, or small C and D processing facility, pursuant to 310 CMR 19.042.
 - 2. Description:
 - a. Authorization to operate or renew operation permit for a small transfer station, small handling facility, or small C and D processing facility which receives less than 50 tons per day.
 - b. Authorization to operate or renew operation permit for a small composting facility which receives no more than ten tons per day of solid waste.
 - 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after October 7, 2005,

4.10: continued

- a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 20 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 20 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee: \$805
- (k) (BWPSW07) Permits for solid waste transfer stations or other handling facilities.
1. Category: Modification of permit for previously approved large transfer station or handling facilities or operation, pursuant to 310 CMR 19.039.

4.10: continued

2. Description:
 - a. Modification of permit for a transfer station or other handling facility which receives 50 tons per day or more.
 - b. Modification of permit for a composting facility which receives more than ten tons per day of solid waste.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$2,635
- (l) (BWPSW21) Permits for solid waste transfer stations or other handling facilities.
1. Category: Modification of permit for previously approved small transfer station or handling facilities or operation pursuant to 310 CMR 19.039.
 2. Description:
 - a. Modification of permit for a transfer station or other handling facility which receives less than 50 tons per day.
 - b. Modification of permit for a composting facility which receives no more than ten tons per day of solid waste.
 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 20 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 20 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$1,125

Existing Landfill

- (m) (BWPSW08) Permits for solid waste landfill
1. Category: Authorization to construct in an existing permitted landfill pursuant to 310 CMR 19.041.
 2. Description: authorization to construct in an existing permitted landfill area where construction requires additional approval in phases pursuant to 310 CMR 19.041 and the initial permit.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 45 days of making a determination of administrative completeness, the Department shall complete a technical review.

4.10: continued

- c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 45 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
- 4. Permit application fee: \$1,450
- (o) (BWPSW10) Permits for solid waste landfill
 - 1. Category: authorization to operate a landfill, pursuant to 310 CMR 19.042
 - 2. Description: authorization to operate new phases of a permitted landfill as required pursuant to 310 CMR 19.042 and the initial permit.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 45 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 45 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$1,580
- (p) (BWPSW11) Permits for solid waste landfill
 - 1. Category: major modification of landfill permit pursuant to 310 CMR 19.039.
 - 2. Description: major modification of a landfill plan where a design change will result in the construction of an appurtenance or structure.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

4.10: continued

- e. Where a variance pursuant to 310 CMR 19.080 is required, the time periods for completion of technical reviews shall each be increased by 30 days.
- 4. Permit application fee
 - a. Where the Secretary of Environmental Affairs determines that additional review pursuant to the Massachusetts Environmental Policy Act (MEPA) and 301 CMR 11.00 is required: \$4,305
 - b. Where additional review pursuant to MEPA is not required: \$3,160
- (q) (BWPSW22) Permits for solid waste landfill
 - 1. Category: Minor Modification of a landfill pursuant to 310 CMR 19.039.
 - 2. Description: modification of a landfill permit with a change in operations, equipment or daily capacity but not construction of an appurtenance or structure pursuant to 310 CMR 19.039.
 - 3. Schedule for timely action: for projects for which applications in (BWPSW11)(29) are filed and/or fees received on or after January 1, 1992 and have review pending on July 1, 1992, and for applications filed and received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 20 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 20 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Where a variance pursuant to 310 CMR 19.080 is required, the time periods for completion of technical reviews shall each be increased by 30 days.
 - 4. Permit application fee \$1,125
- (r) (BWPSW12) Permits for solid waste landfill
 - 1. Category: approval of landfill closure and assessment evaluation pursuant to 310 CMR 19.150
 - 2. Description: approval of complete initial site assessment and draft scope of work for a comprehensive site assessment pursuant to 310 CMR 19.150(4).
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 45 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 45 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$1,125
- (s) (BWPSW23) Permit for solid waste landfill
 - 1. Category: approval of landfill closure and assessment evaluation pursuant to 310 CMR 19.150.
 - 2. Description: approval of complete landfill comprehensive site assessment pursuant to 310 CMR 19.150(5).
 - 3. Schedule of Timely Action: for projects for which applications are filed and/or fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.

4.10: continued

- b. Within 75 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 75 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 4. Permit application fee: \$4,595
- (t) (BWPSW24) Permit for Solid Waste Landfill
 - 1. Category: approval of landfill closure and assessment evaluation pursuant to 310 CMR 19.150.
 - 2. Description: Approval of a corrective action alternative analysis report pursuant to 310 CMR 19.150(6).
 - 3. Schedule of Timely Action: for projects for which applications are filed and/or fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$2,905
- (u) (BWPSW25) Permit for Solid Waste Landfill
 - 1. Category: approval landfill closure and assessment evaluation pursuant to 310 CMR 19.150.
 - 2. Description: Approval of the corrective action design pursuant to 310 CMR 19.151(2)(a).
 - 3. Schedule of Timely Action: for projects for which applications are filed and/or fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review
 - 4. Permit application fee: \$3,465
- (u)(1) (BWPSW43) Permits for solid waste landfill
 - 1. Category: Determination of landfill closure completion pursuant to 310 CMR 19.140(6).
 - 2. Description: approval of documentation of closure and post-closure planning
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 7, 2005,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Where a variance pursuant to 310 CMR 19.080 is required, the time periods for completion of technical reviews shall each be increased by 30 days.
 - 4. Permit application fee: \$2,050

4.10: continued

(w) (BWPSW27) Permit for Solid Waste Landfill

1. Category: Permit and authorization to construct medium sized new landfill or medium expansion of permitted landfill pursuant to 310 CMR 19.030 and 19.041.
2. Description: permit to construct a new landfill with greater than 25 acrefeet but less than 250 acrefeet of disposal volume or to expand a permitted landfill by greater than 25 acrefeet but less than 250 acrefeet of disposal volume.
3. Schedule of Timely Action: for projects for which applications are filed and/or fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 100 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 100 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review
 - e. Within 90 days after the close of any public comment period including public hearing, the Department shall complete a public comment review, make any adjustments to the draft permit and issue a final permit decision.
 - f. Where a variance pursuant to 310 CMR 19.080 is required, the time periods for completion of technical and public comment reviews shall each be increased by 30 days.
4. Permit application fee: \$23,240

(x) (BWPSW28) Permit for Solid Waste Landfill

1. Category: Permit and authorization to construct new small landfill or to construct small expansion of permitted landfill pursuant to 310 CMR 19.030 and 19.041.
2. Description: permit to construct a new landfill with no more than 25 acrefeet of disposal volume or to expand a permitted landfill by no more than 25 acrefeet disposal volume.
3. Schedule of Timely Action: for projects for which applications are filed and/or fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review
 - e. Within 90 days after the close of any public comment period including public hearing, the Department shall complete a public comment review, make any adjustments to the draft permit and issue a final permit decision.
 - f. Where a variance pursuant to 310 CMR 19.080 is required, the time periods for completion of technical and public comment reviews shall each be increased by 30 days.
4. Permit application fee: \$11,620

(y) (BWPSW29) Permit for Solid Waste Landfill

1. Category: Permit and authorization to construct woodwaste landfill or to expand woodwaste capacity of a permitted landfill pursuant to 310 CMR 19.030 and 19.041.

4.10: continued

2. Description: Permit and authorization to construct a new woodwaste landfill or expand woodwaste capacity of a permitted landfill to dispose of uncontaminated woodwaste pursuant to 310 CMR 19.006, including reclamation activities but excluding construction and demolition material.
3. Schedule of Timely Action: for projects for which applications are filed and/or fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review
 - e. Within 90 days after the close of any public comment period including public hearing, the Department shall complete a public comment review, make any adjustments to the draft permit and issue a final permit decision.
 - f. Where a variance pursuant to 310 CMR 19.080 is required, the time periods for completion of technical and public comment reviews shall each be increased by 30 days.
4. Permit application fee: \$11,620

Determinations

(z)(1) (BWPSW39) Permits for solid waste management

1. Category: determination of beneficial use - use of secondary materials in commercial products pursuant to 310 CMR 19.060(13).
2. Description: determination that the proposed use of a solid waste constitutes the beneficial use of a secondary material when reviewed in accordance with 310 CMR 19.060(13) and that such material is no longer classified as a solid waste per approval.
3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 7, 2005,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 30 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee: \$ 2,000

(aa)(1) (BWPSW40) Permits for solid waste management

1. Category: determination of beneficial use – use of secondary materials in a DEP regulated system pursuant to 310 CMR 19.060(14).
2. Description: a determination that the proposed use of a solid waste constitutes the beneficial use of a secondary material when reviewed in accordance with 310 CMR 19.060(14) and that such material is adequately regulated and no longer classified as a solid waste per approval.
3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after October 7, 2005,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 30 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

4.10: continued

4. Permit application fee: \$2,000
- (aa)(2) (BWPSW41) Permits for solid waste management
 1. Category: determination of beneficial use – use of secondary materials in restricted applications pursuant to 310 CMR 19.060(15).
 2. Description: determination that the proposed use of a solid waste constitutes the beneficial use of a secondary material when reviewed in accordance with 310 CMR 19.060(15) and that such material is no longer classified as a solid waste per approval.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 7, 2005,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$3,750
- (aa)(3) (BWPSW42) Permits for solid waste management
 1. Category: determination of beneficial use – use of a secondary material in an unrestricted application pursuant to 310 CMR 19.060 (16).
 2. Description: a determination that the proposed use of a solid waste constitutes the beneficial use of a secondary material when reviewed in accordance with 310 CMR 19.060(16) and that such material is no longer classified as a solid waste per approval
 3. Schedule of Timely Action: For projects for which applications are filed and/or fees received on or after October 7, 2005 individual rule project subject to 310 CMR 4.05.
 4. Permit application fee: individual rule project subject to 310 CMR 4.05.
- (bb) (BWPSW14) Permits for solid waste management
 1. Category: special waste determination- major category.
 2. Description: For materials in a quantity of 20 tons or more: approval for a facility to accept a listed or other special waste and/or a determination whether a material is a special waste that requires special handling or disposal techniques or methodologies, pursuant to 310 CMR 19.061.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 45 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 45 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$1,580
- (cc) (BWPSW31) Permits for solid waste management
 1. Category: special waste determination- minor category
 2. Description: For materials in a quantity of less than 20 tons: approval for a facility to accept a listed or other special waste and/or a determination whether a material is a special waste that requires special handling or disposal techniques or methodologies, pursuant to 310 CMR 19.061.
 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 30 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.

4.10: continued

- d. Within 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee: \$ 400

Combustion Facility

- (dd) (BWPSW15) Permits for solid waste combustion facility
 1. Category: Permits for construction or operation of new solid waste combustion facility or expansion of an existing facility, pursuant to 310 CMR 19.030 and 19.041.
 2. Schedule for timely action: for projects filed on or after October 7, 2005, individual rule project subject to 310 CMR 4.05.
 3. Permit application fee: individual rule project subject to 310 CMR 4.05.
- (ee) (BWPSW16) Permits for solid waste combustion facility
 1. Category: Permit for modification of an existing combustion facility pursuant to 310 CMR 19.039 but not including capacity expansion pursuant to 310 CMR 19.030.
 2. Schedule for timely action: for projects for which applications are filed and fees received on or after October 7, 2005,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Where a variance pursuant to 310 CMR 19.080 is required, the time periods for completion of technical reviews shall each be increased by 30 days.
 3. Permit application fee: \$4,305

Demonstration Projects

- (ff) (BWPSW32) Permit for Solid Waste Demonstration Project
 1. Category: approval for major demonstration project pursuant to 310 CMR 16.05(10) or 310 CMR 19.062
 2. Description:
 - a. Approval of a scope of work for the demonstration of the addition of waste water treatment sludge to an existing solid waste composting operation.
 - b. Approval of a scope of work for the demonstration of a new composting operation processing solid waste or processing solid waste with waste water treatment sludge.
 - c. Approval of a scope of work for the demonstration of the effectiveness of a material or technology which requires design review or facility construction.
 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 30 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 4. Permit application fee: \$1,690
- (gg) (BWPSW33) Permit for Solid Waste Demonstration Project
 1. Category: approval of major demonstration project report pursuant to 310 CMR 16.05(10) or 310 CMR 19.062.
 2. Description:
 - a. Approval of a report that demonstrates the addition of wastewater treatment sludge to an existing solid waste composting operation.

4.10: continued

- b. Approval of report that demonstrates a new composting operation processing solid waste or processing solid waste with waste water treatment sludge.
 - c. Approval of a report that demonstrates the effectiveness of a material or technology which requires design review or facility construction.
- 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 4. Permit application fee: \$4,030
- (hh) (BWPSW35) Permit for Solid Waste: Demonstration Project
 - 1. Category: approval of a minor demonstration project pursuant to 310 CMR 16.05(10) or 310 CMR 19.062.
 - 2. Description:
 - a. Approval for a project to demonstrate the addition of compostable materials to an existing composting operation.
 - b. Approval for a project to demonstrate a new composting operation which will receive not more than a total of 500 tons or 1000 cubic yards of compostable material as defined in 310 CMR 19.006, whichever is less, over the approved operating period of the project.
 - c. Approval for a project to demonstrate the effectiveness of an operating method or material used in daily operations which does not require design review or facility construction.
 - 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 30 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 30 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$560
- (ii) (BWPSW36) Permits for Post-Closure use.
 - 1. Category: Permit for post-closure use: major category. Approval of a solid waste management facility site for any purpose other than that established in the permit or plan approval after closure of the facility pursuant to 310 CMR 19.016 and, when the post-closure use is at a landfill, 310 CMR 19.143.
 - 2. Description: Approval for post-closure use that includes:
 - a. construction of an enclosed or occupied structure; or
 - b. an activity that involves either significant changes or potentially adverse impacts to the final cover system.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,

4.10: continued

- a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
- b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
- c. The permit applicant may remedy any identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
- d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

4. Permit application fee: \$2,790

(jj) (BWPSW37) Permits for Post-Closure use.

- 1. Category: Permit for post-closure use: minor category. Approval of a solid waste management facility site for any purpose other than that established in the permit or plan approval after closure of the facility pursuant to 310 CMR 19.016 and, when the post-closure use is at a landfill, 310 CMR 19.143.
- 2. Description: Approval for post-closure use that involves primarily passive uses with minimal actual or potential invasive impacts to the final cover system.
- 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 20 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy any identified deficiencies within 20 days of the Department's statement identifying deficiencies, if any.
 - d. Within 20 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 4. Permit application fee: \$1,085.

(5) Bureau of Waste Prevention - Industrial Wastewater. Facilities with a discharge requiring a permit pursuant to M.G.L. c. 21, § 43 or § 27 which are classified by the following Standard Industrial Classification (SIC) codes:

1000-1399	Metal Mining, Coal Mining, Oil and Gas Exploration
1474-1499	Chemical/Fertilizer Mining, Nonmetallic Minerals
2000-3999	Manufacturing
4231	Maintenance Facilities for Motor Freight Transport
4581	Airports, Flying Fields and Airport Terminal Service
4911-4939	Electric and Gas Production
4953	Refuse Systems
7216	Drycleaning (except rug cleaning)
7217	Carpet and Upholstery Cleaning
7218	Industrial Laundries
7384	Photofinishing Laboratories
7532-7539	Automotive Repair Shops and Paint Shops
7549	Automotive Services
7819	Motion Picture Developing/Printing/Film Processing
8062-8069	Hospitals
8071	Medical Laboratories
8072	Dental Laboratories
8731	Commercial Physical and Biological Research
----	Remedial discharges under M.G.L. c. 21E at any active facility falling in one or more of the above SIC Code categories

4.10: continued

shall use applicable permit categories of 310 CMR 4.10(5), UNLESS discharges are solely non-contact cooling water, stormwater, construction dewatering, sewage, remedial actions pursuant to M.G.L. c. 21E at inactive facilities or any combination thereof, in which case, permits for discharge from these facilities shall use the permit categories of 310 CMR 4.10(7) of the Bureau of Resource Protection - Water Pollution Control or 310 CMR 4.10(6) Watershed Management for NPDES permits only, effective November 30, 1994. FACILITIES WITH A DISCHARGE REQUIRING A PERMIT THAT ARE NOT CLASSIFIED BY THE ABOVE SIC CODES SHALL USE APPLICABLE CATEGORIES SPECIFIED AT 310 CMR 4.10(7) or 310 CMR 4.10(6) Watershed Management.

Holding Tanks

See DEP permit category section

Groundwater Discharges

(b) (BWPIW02) Permits for Discharge of Industrial Wastewater Management Program: groundwater discharges

1. Category: groundwater discharge permit pursuant to 314 CMR 5.00 with experimental or alternative treatment technology or groundwater reclassification pursuant to 314 CMR 6.00 or for projects requiring a permit not specifically listed under other industrial wastewater categories.
2. Schedule of timely action: for applications filed on or after July 1, 1992, individual rule project subject to 310 CMR 4.05.
3. Permit application fee: Individual rule project subject to 310 CMR 4.05.

(c) (BWPIW03) Permits for Industrial Wastewater Management Program: groundwater discharges.

1. Category: permit and plan approval for Type II wastewater treatment facility.
2. Description: permit to discharge pursuant to 314 CMR 5.00 and authorization to construct and operate a Type II wastewater treatment facility, as required under 314 CMR 12.00 and defined in 257 CMR 2.00.
3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 150 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 150 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

4.10: continued

- e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
4. Permit application fee: \$5,725
- (d) (BWPIW05) Permits for Industrial Wastewater Management Program: groundwater discharges.
 1. Category: permit and plan approval for Type I wastewater treatment facility.
 2. Description: permit to discharge pursuant to 314 CMR 5.00 and authorization to construct and operate a Type I wastewater treatment facility, as required under 314 CMR 12.00 and defined in 257 CMR 2.00.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 120 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 120 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 4. Permit application fee: \$ 2,945
- (e)(1) (BWPIW30) Permit for Industrial Wastewater Management Program: groundwater discharges.
 1. Category: permit renewal or modification, with plan modification of wastewater treatment facility.
 2. Description: permit renewal or modification, with plan modification, for facility holding permit BWPIW03 or BWPIW05.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within 110 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 110 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment including any period for public hearing, the Department shall complete a public comment review.
 4. Permit application fee: \$1,340
- (e)(2) (BWPIW31) Permits for Industrial Wastewater Management Program: groundwater discharges.
 1. Category: permit renewal or modification, without plan modification of wastewater treatment facility.
 2. Description: permit renewal or modification, without plan modification, for facility holding permit BWPIW03 or BWPIW05.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

4.10: continued

- e. Within 90 days of the close of the period for public comment including any period for public hearing, the Department shall complete a public comment review.
- 4. Permit application fee: \$600.
- (e)(3) (BWPIW32) Permits for Industrial Wastewater Management Program: groundwater discharges.
 - 1. Category: plan approval for treatment system modification.
 - 2. Description: plan approval modification for facility holding permit BWPIW03 or BWPIW05.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$870.
- (f) (BWPIW) reserved
- (g) (BWPIW) reserved

Sewer Connection

- (h) (BWPIW10) Permits for Industrial Wastewater Management Program: sewer connections/extensions
 - 1. Category: permit and plan approval for Type II wastewater treatment facility.
 - 2. Description: permit for discharge pursuant to 314 CMR 7.00 and authorization to construct and operate a Type II wastewater treatment facility, as required under 314 CMR 12.00 and defined in 257 CMR 2.00.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 120 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 120 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$ 2,010.
- (i) (BWPIW12) Permits for Industrial Wastewater Management Program: sewer connections/extensions
 - 1. Category: permit and plan approval for Type I wastewater treatment facility.
 - 2. Description: permit for discharge pursuant to 314 CMR 7.00 and authorization to construct, operate or modify a Type I wastewater treatment facilities, as required under 314 CMR 12.00 and defined in 257 CMR 2.00.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 110 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.

4.10: continued

- d. Within 110 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
- 4. Permit application fee: \$ 1,605.
- (j) (BWPIW23) Permits for Industrial Wastewater Management Program: sewer connection/extension.
 - 1. Category: plan approval for a Type II wastewater treatment facility
 - 2. Description: approval of plan and authorization to construct and operate a Type II wastewater treatment facility pursuant to 314 CMR 12.00 for Type II facility as defined in 257 CMR 2.00. This category is only available for facilities which have obtained any and all permits required by M.G.L. c. 21, § 43, and regulations issued thereunder, and for a modification which will not require suspension, revocation or renewal of permit.
 - 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$1,340
- (k) (BWPIW24) Permits for Industrial Wastewater Management Program: sewer connection/extension.
 - 1. Category: plan approval for a Type I wastewater treatment facility.
 - 2. Description: approval of plan and authorization to construct and operate a Type I wastewater treatment facility pursuant to 314 CMR 12.00 for Type I facility as defined in 257 CMR 2.00. This category is only available for facilities which have obtained any and all permits required by M.G.L. c. 21, §§ 27 and 43 and for a modification which will not require suspension, revocation or renewal of permit.
 - 3. Schedule for timely action: For projects for which applications are filed and/or fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$870.
- (l)(1) (BWPIW33) Permits for Industrial Wastewater Management Program: Sewer Connections/extensions.
 - 1. Category: permit without plan approval.
 - 2. Description: permit for discharge to the sewer system pursuant to 314 CMR 7.00.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.

4.10: continued

- d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- e. Within 90 days of the close of the period for public comment including any period for public hearing, the Department shall complete a public comment review.
- 4. Permit application fee: \$800
- (l)(2) (BWPIW34) Permits for Industrial Wastewater Management Program: Sewer Connections/extensions.
 - 1. Category: permit renewal or modification, without modification of wastewater treatment facility.
 - 2. Description: Permit renewal or modification, without plan modification for facility holding permit BWPIW10 or BWPIW12.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment including any period for public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$600
- (m) (BWPIW25) Permits for Industrial Wastewater Management Program: sewer connections
 - 1. Category: permit to discharge with experimental or alternative treatment technology pursuant to 314 CMR 7.00.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after July 1, 1992, Individual rule project subject to 310 CMR 4.05.
 - 3. Permit application fee: Individual rule project subject to 310 CMR 4.05.
- (n) (BWPIW) reserved
- (o) (BWPIW) reserved

Surface Water Discharges (NPDES)

- (p) (BWPIW16) Permits for Industrial Wastewater Management Program: surface water (NPDES).
 - 1. Category: permit and plan approval for Type II wastewater treatment facility.
 - 2. Description: permit to discharge pursuant to 314 CMR 3.00 and authorization to construct and operate a Type II wastewater treatment facility, as required under 314 CMR 12.00 and defined in 257 CMR 2.00.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 200 days of making a determination of administrative completeness, or receipt of EPA's draft NPDES permit, whichever is later, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 200 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$4,555

4.10: continued

(q) (BWPIW18) Permits for Industrial Wastewater Management Program: discharge to surface water (NPDES).

1. Category: permit and plan approval for Type I wastewater treatment facility.
2. Description: permit to discharge pursuant to 314 CMR 3.00 and authorization to construct and operate a Type I wastewater treatment facilities, as required under 314 CMR 12.00 and defined in 257 CMR 2.00.
3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 150 days of making a determination of administrative completeness, or receipt of EPA's draft NPDES permit, whichever is later, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 150 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
4. Permit application fee: \$2,140.

(r)(1) (BWPIW35) Permit for Industrial Wastewater Management Program: discharge to surface (NPDES).

1. Category: Permit renewal or modification, with plan modification of wastewater treatment facility.
2. Description: Permit renewal or modification, with plan modification for facility holding permit BWPIW16 or BWPIW18.
3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within 110 days of making a determination of administrative completeness or receipt of EPA draft NPDES permit, whichever is later, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 110 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment including any period for public hearing, the Department shall complete a public comment review.
4. Permit application fee: \$1,270.

(r)(2) (BWPIW36) Permits for Industrial Wastewater Management Program: discharge to surface (NPDES).

1. Category: permit renewal or modification, without modification of wastewater treatment facility.
2. Description: Permit renewal or modification, without plan modification for facility holding permit BWPIW16 or BWPIW18.
3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within 110 days of making a determination of administrative completeness or receipt of EPA draft NPDES permit, whichever is later, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 110 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

4.10: continued

- e. Within 90 days of the close of the period for public comment including any period for public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$600.
- (r)(3) (BWPIW37) Permits for Industrial Wastewater Management Program: discharge to surface (NPDES).
 - 1. Category: plan approval for treatment system modification.
 - 2. Description: Plan approval modification for facility holding permit BWPIW16 or BWPIW18.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$800.
- (s) (BWPIW26) Permits for Industrial Wastewater Management Program: discharge to surface water.
 - 1. Category: permit to discharge with experimental or alternative treatment technology pursuant to 314 CMR 3.00.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after July 1, 1992, individual rule project subject to 310 CMR 4.05.
 - 3. Permit application fee: Individual rule project subject to 310 CMR 4.05.
- (t) (BWPIW27) Permits for Industrial Wastewater Management Program: miscellaneous.
 - 1. Category: projects requiring a permit not specifically described in other BWPIW categories and including, but not limited to lagoon closure, determination of categorical applicability.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after July 1, 1992, Individual rule project subject to 310 CMR 4.05.
 - 3. Permit application fee: Individual rule project subject to 310 CMR 4.05

- (k) (BRPWS) reserved
- (l) (BRPWS) reserved

Cross Connection

- (m) (BRPWS09) Permits for water supply: cross connection control
 1. Category: plan approval
 2. Description: cross connection plan approval pursuant to 310 CMR 22.22(3)
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$85

4.10: continued

- (n) (BRPWS10) Permits for water supply: cross connections
 - 1. Category: Certification of backflow prevention device testers and cross connection surveyors pursuant to 310 CMR 22.22(13)
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after December 25, 1998,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an initial review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a technical review.
 - 4. Permit application fee:
 - a. certification of cross connection surveyor excluding currently certified testers: \$55
 - b. certification of backflow prevention device tester excluding currently certified surveyors: \$55
 - c. certification of backflow prevention device tester and cross connection surveyor: \$55

New Technology Approval

- (o) (BRPWS11) Permits for water supply: new technology approval
 - 1. Category: approval of new technology pursuant to 310 CMR 22.04(8)--minor
 - 2. Description: new technology approval where no field test required
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$1,845
- (p) (BRPWS27) Permits for new technology with third-party approval
 - 1. Category: approval of new technology pursuant to 310 CMR 22.04(8)
 - 2. Description: approval of drinking water additives previously approved by a third party.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 30 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - d. Within 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$240
- (q) (BRPWS31) Permits for vending and POU/POE Devices
 - 1. Category: approval pursuant to 310 CMR 22.04(1) and 310 CMR 22.23(4) for vending machines and POU/POE treatment devices that have previous third party approval.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.

4.10: continued

- b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 3. Permit application fee: \$240.
- (r) (BRPWS28) Permits for new technology
 - 1. Category: approval of one vending site/source prototype pursuant to 310 CMR 22.04(4) -- minor.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 3. Permit application fee: \$1,125.
- (s) (BRPWS12) Permits for water supply: new technology approval
 - 1. Category: approval of new technology pursuant to 310 CMR 22.04(8) -- major
 - 2. Description: new technology approval where field test is required
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after August 17, 2001, individual rule project subject to 310 CMR 4.05.
 - 4. Permit application fee: for projects for which applications are filed and fees received on or after August 17, 2001, individual rule project subject to 310 CMR 4.05.

Water Quality Assurance/New Source Approval

- (t) (BRPWS13) Permits for water supply, water quality assurance: new source approval
 - 1. Category: Approval to site source under 70 gallons per minute pursuant to 310 CMR 22.21.
 - 2. Description: approval of exploratory phase work, site examination and land use survey, and approval to conduct pumping test in accordance with the current guidelines and policies for public water systems and 310 CMR 22.21.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$1,125.
- (u) (Reserved)
- (v) (BRPWS15) Permits for water supply: water quality assurance: new source approval.
 - 1. Category: approval of pumping test report and approval to construct sources under 70 gallons per minute in accordance with current guidelines and policies for public water systems and 310 CMR 22.21.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,

4.10: continued

- a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee: \$1,290
- (w) (Reserved)
- (x) (BRPWS17) Permits for water supply, water quality assurance: new source approval
 1. Category: Approval to site source 70 gallons per minute or greater and to conduct pumping test.
 2. Description: approval of exploratory phase work, site screening, site examination, land use survey, and to conduct pumping test pursuant to 310 CMR 22.21.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 7, 2005,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 45 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 45 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$3,950
- (z) (BRPWS19) Permits for water supply: water quality assurance: new source approval
 1. Category: approval of pumping test report for source 70 gallons per minute or greater pursuant to 310 CMR 22.21
 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 60 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 120 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.

4.10: continued

- d. Within 120 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 3. Permit application fee: \$6,680
- (aa) (BRPWS20) Permits for water supply: water quality assurance: new source approval.
 - 1. Category: approval to construct source 70 gallons per minute or greater pursuant to 310 CMR 22.21.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after October 8, 2004,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. A BRPWS20 application may be submitted concurrently with a BRPWS19 application in which case both permits will be subject to the BRPWS19 application schedule for timely action.
 - 3. Permit application fee: \$2,370.

Water Quality Assurance/ Water Treatment

- (bb) (BRPWS21) Permits for water supply water quality assurance: water treatment
 - 1. Category: approval to conduct pilot study, pursuant to 310 CMR 22.03(1) and (2), 22.04
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 60 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 3. Permit application fee: \$1,050
- (cc) (BRPWS22) Permits for water supply water quality assurance: water treatment
 - 1. Category: approval of pilot study report
 - 2. Description: pursuant to 310 CMR 22.03(1) and (2) and 310 CMR 22.04
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 60 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$2,635
- (dd) (BRPWS23) Permits for water supply: water treatment
 - 1. Categories: approval to construct a facility to treat the following daily volumes pursuant to 310 CMR 22.03(1) and (2) and 310 CMR 22.04:
 - a. WS23 A: less than 40,000 gallons per day;
 - b. WS23 B: 40,000 gallons per day or more, and less than 200,000 gallons per day;
 - c. WS23 C: 200,000 gallons per day or more, and less than one million gallons per day.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after October 7, 2005,

4.10: continued

- a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review,
- b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
- c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
- d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
3. Permit application fee:
 - a. WS23 A: \$950
 - b. WS23 B: \$1,500
 - c. WS23 C: \$4,215
- (ee) (BRPWS24) Permits for water supply water quality assurance: water treatment
 1. Category: treatment approval to construct a facility to treat 1 mgd or greater pursuant to 310 CMR 22.03(1) and (2) and 310 CMR 22.04
 2. Schedule for timely action: for applications filed on or after July 1, 1992, individual rule project subject to 310 CMR 4.05.
 3. Permit application fee: individual rule project subject to 310 CMR 4.05.
- (ff) (BRPWS25) Permits for water supply water quality assurance: water treatment
 1. Category: approval of treatment facility modification, pursuant to 310 CMR 22.03(1) and (2), 22.04
 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 3. Permit application fee: \$1,495
- (gg) (BRPWS29) Permits for water quality assurance: water treatment
 1. Category: approval of chemical addition retrofit of water systems that serve more than 3300 people.
 2. Description: approval of water treatment modifications for the addition of chemicals pursuant to 310 CMR 22.03(1), (2) and 310 CMR 22.04.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$575
- (gg)(1) (BRPWS34) Permits for water quality assurance: water treatment
 1. Category: approval of chemical addition retrofit of water systems that serve less than or equal to 3300 people.
 2. Description: approval of water treatment modifications for the addition of chemicals pursuant to 310 CMR 22.03(1), (2) and 310 CMR 22.04.
 3. Schedule of timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.

4.10: continued

- b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
- c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
- d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 4. Permit application fee: \$285.

Water Quality Assurance

(hh) (BRPWS26) Permits for water quality assurance

- 1. Category: approval of sale of land for water supply purposes pursuant to 310 CMR 22.24, or of acquisition of land to be used for water supply purposes pursuant to M.G.L. c. 165, § 4B.
- 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 60 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 3. Permit Application fee: \$1,050

(hh)(1) (BRPWS32) Permits for water quality assurance: Distribution System Modifications

- 1. Category: approval of distribution system modifications such as storage tanks, distribution pump stations, transmission main installation, *etc.* for water systems that serve more than 3300 people.
- 2. Description: approval of distribution system modifications pursuant to 310 CMR 22.03(1), (2) and 310 CMR 22.04.
- 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 4. Permit Application fee: \$860

(hh)(2) (BRPWS33) Permits for water quality assurance: Distribution System Modifications

- 1. Category: approval of distribution system modifications such as storage tanks, distribution pump stations, transmission main installation, *etc.* for water systems that serve less than or equal to 3300 people.
- 2. Description: approval of distribution system modifications pursuant to 310 CMR 22.03 (1), (2) and 310 CMR 22.04.
- 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.

4.10: continued

- d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee: \$430
- (hh)(3) (BRPWS36) Permits for water quality assurance
 1. Category: approval of abandonment of a water source pursuant to 310 CMR 22.25,
 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 12, 1998,
 - a. Within 60 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 3. Permit Application Fee: \$60
- (ii) (BRPWS30) Permits for water supply: vending machine and POU/POE device
 1. Category:
 - a. WS30 A: approval to install one type of vending machine at 1 to 9 locations on the same public water distribution system or
 - b. WS30 B: approval to install one type of POU/POE device at 1 to 9 locations on the same public water distribution system.
 2. Description: approval to install vending machine and POU/POE water treatment device pursuant to 310 CMR 22.03(1), (2) and 310 CMR 22.04.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 7, 2005,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit Application fee:
 - a. WS30 A: \$240
 - b. WS30 B: \$240
- (ii)(1) (BRPWS35) Permits for water supply: vending machine and POU/POE treatment device
 1. Category:
 - a. WS35A: approval to install one type of vending machine at ten or more locations on the same public water distribution system, or
 - b. WS35B: approval to install one type of POU/POE device at ten or more locations on the same public water distribution system.
 2. Description: approval to install vending machine and POU/POE device pursuant to 310 CMR 22.03(1), (2) and 310 CMR 22.04.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 7, 2005,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials for the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit Application fee:
 - a. WS35 A: \$1,330
 - b. WS35 B: \$1,330

4.10: continued

Watershed Management

- (mm) (BRPWM01) Permits for watershed management
 - 1. Category: Transfer of right to withdraw water pursuant to 310 CMR 36.09 (registrations) or 310 CMR 36.36 (permits).
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an initial review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a final review.
 - 3. Permit application fee: \$175
- (nn) (BRPWM02) Permits for watershed management
 - 1. Category: amendments to existing withdrawal permits pursuant to 310 CMR 36.35.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 45 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 45 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 3. Permit application fee: \$1,580
- (oo) (BRPWM03) Permits for watershed management
 - 1. Category: withdrawal permits pursuant to 310 CMR 36.17 through 36.34 and 36.41.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 90 days of receipt of an application and payment of the permit application fee, or of the filing date established in 310 CMR 36.18, whichever is later, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies by the later date of (i) within 90 days of the Department's statement identifying deficiencies or (ii) within six months of the date the original complete application is filed pursuant to 310 CMR 4.00
 - c. Within 90 days of the completion date, or within the period established pursuant to 310 CMR 36.26(2), the Department shall complete a supplemental technical review.
 - 3. Permit application fee: \$3,340.
- (pp) (BRPWM04) Permits for watershed management.
 - 1. Category: Approval to apply herbicide(s) to waters of the Commonwealth pursuant to M.G.L. c. 111, § 5E.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 30 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 14 days of the Department's statement identifying deficiencies, if any.
 - d. Within 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 3. Permit application fee: \$80.

4.10: continued

Surface Water Discharge (NPDES). Facilities with a discharge requiring a permit pursuant to M.G.L. c. 21, § 43 or § 27 which are classified by the following Standard Industrial Classification (SIC) Codes:

1000-1399	Metal Mining, Coal Mining, Oil and Gas Exploration
1474-1499	Chemical/Fertilizer Mining, Nonmetallic Minerals
2000-3999	Manufacturing
4231	Maintenance Facilities for Motor Freight Transport
4581	Airports, Flying Fields and Airport Terminal Service
4911-4939	Electric and Gas Production
4953	Refuse Systems
7216	Drycleaning (except rug cleaning)
7217	Carpet and Upholstery Cleaning
7218	Industrial Laundries
7384	Photofinishing Laboratories
7532-7539	Automotive Repair Shops and Paint Shops
7549	Automotive Services
7819	Motion Picture Developing/Printing/Film Processing
8062-8069	Hospitals
8071	Medical Laboratories
8072	Dental Laboratories
8731	Commercial Physical and Biological Research
----	Remedial discharges under M.G.L. c. 21E at any active facility falling in one or more of the above SIC Code categories shall use applicable permit categories of 310 CMR 4.10(6) Watershed Management (NPDES), ONLY IF: discharges are solely non-contact cooling water, stormwater, construction dewatering, sewage, remedial actions pursuant to M.G.L. c. 21E at inactive facilities or any combination thereof. FACILITIES WITH A DISCHARGE REQUIRING AN NPDES PERMIT THAT ARE NOT CLASSIFIED BY THE ABOVE STANDARD INDUSTRIAL CLASSIFICATION (SIC) CODES SHALL USE THE APPLICABLE CATEGORIES SPECIFIED IN 310 CMR 4.10(6) Watershed Management. All other surface water discharge (NPDES) permits shall use the applicable categories specified at 310 CMR 4.10(5) of the Bureau of Waste Prevention - Industrial Wastewater.

(qq) (BRPWM05) Permits for watershed management.

1. Category: Type II NPDES surface water discharge permit pursuant to 314 CMR 3.00 and M.G.L. c. 21, § 43.
2. Description: permit to discharge pursuant to 314 CMR 3.03 for a Type II facility as defined in 257 CMR 2.00.
3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 200 days of making a determination of administrative completeness or receipt of EPA's draft NPDES permit, whichever is later, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 200 days of the Department's statement identifying deficiencies, if any.
 - d. Within 200 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
4. Permit application fee: \$5,525

(rr) (BRPWM06) Permits for watershed management.

1. Category: Type I surface water discharge permit pursuant to 314 CMR 3.00 and M.G.L. c. 21, § 43.
2. Description: permit to discharge pursuant to 314 CMR 3.03 for a Type I facility as defined in 257 CMR 2.00.

4.10: continued

3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 150 days of making a determination of administrative completeness or receipt of EPA's draft NPDES permit, whichever is later, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 150 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
4. Permit application fee: \$2,580
- (ss) (BRPWM07) Permits for watershed management.
 1. Category: permit modification or renewal.
 2. Description: renewals or modifications of permits for existing permitted facilities as defined in BRPWM05 and BRPWM06.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 60 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 4. Permit application fee: \$805
- (tt) (BRPWM08) Permits for watershed management.
 1. Category: general permit notice of intent.
 2. Description: general permit notification for discharges not required to have an individual surface water discharge (NPDES) permit and that file and qualify for inclusion in EPA's NPDES general permit for stormwater.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - c. Within 20 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$80
- (uu) (BRPWM09) Permits for watershed management.
 1. Category: approval of stormwater management plan
 2. Description: review and approval of a stormwater management plan for discharges to Outstanding Resource Waters and coastal Areas of Critical Environmental Concern and other stormwater discharges as required by the Department.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the appropriate fee, the Department shall complete an administrative completeness review.

4.10: continued

- b. Within 60 days of making a determination of administrative completion, the Department shall complete a technical review.
 - c. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review and approve or disapprove the plan.
- 4. Permit application fee: \$930
- (vv) (BRPWM10) Permits for watershed management.
 - 1. Category: general permit for construction site dewatering.
 - 2. Description: permit to discharge construction site dewatering to surface water under the provisions of a general permit issued by U.S. Environmental Protection Agency and certified by the Department or a general permit issued by the Department.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - d. Within 30 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$385.
- (ww) (BRPWM11) Permits for watershed management.
 - 1. Category: general permit for non-contact cooling water.
 - 2. Description: permit to discharge non-contact cooling water to surface water for discharges less than 1.0 MGD under the provisions of a general permit issued by U.S. Environmental Protection Agency and certified by the Department or a general permit issued by the Department.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - d. Within 30 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$385
- (xx) (BRPWM12) Permits for watershed management.
 - 1. Category: general permit for groundwater remediation.
 - 2. Description: general permit to discharge treated groundwater from 21E remediation sites to surface water under the provisions of a general permit issued by U.S. Environmental Protection Agency and certified by the Department or a general permit issued by the Department.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of a application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - d. Within 30 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.

4.10: continued

4. Permit application fee: \$775
- (yy) (BRPWM13) Permits for watershed management.
 1. Category: general permit for minor non-process wastewater discharges.
 2. Description: general permit to discharge wastewater from minor discharges which include stormwater, non-contact cooling water, underdrains from sand filter systems and other discharges which are not subject to traditional wastewater treatment systems.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness or receipt of EPA's draft permit, whichever is later, the Department shall complete a technical review.
 - c. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 30 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 4. Permit application fee: \$775

(7) Bureau of Resource Protection - Water Pollution Control. Facilities with a discharge requiring a permit pursuant to M.G.L. c. 21, §§ 43 or 27, and regulations issued thereunder AND which are classified by the following Standard Industrial Classification (SIC) Codes:

1000-1399	Metal Mining, Coal Mining, Oil and Gas Exploration
1474-1499	Chemical/Fertilizer Mining, Nonmetallic Minerals
2000-3999	Manufacturing
4231	Maintenance Facilities for Motor Freight Transport
4581	Airports, Flying Fields and Airport Terminal Service
4911-4939	Electric and Gas Production
4953	Refuse Systems
7216	Drycleaning (except rug cleaning)
7217	Carpet and Upholstery Cleaning
7218	Industrial Laundries
7384	Photofinishing Laboratories
7532-7539	Automotive Repair Shops and Paint Shops
7549	Automotive Services
7819	Motion Picture Developing/Printing/Film Processing
8062-8069	Hospitals
8071	Medical Laboratories
8072	Dental Laboratories
8731	Commercial Physical and Biological Research
----	Remedial discharges under M.G.L. c. 21E at any active facility falling in one or more of the above SIC Code categories.

shall use applicable permit categories of 310 CMR 4.10(7), ONLY IF: discharges are solely non-contact cooling water, stormwater, construction dewatering, sewage, remedial actions pursuant to M.G.L. c. 21E at inactive facilities or any combination thereof. FACILITIES WITH A DISCHARGE REQUIRING A PERMIT THAT ARE NOT CLASSIFIED BY THE ABOVE STANDARD INDUSTRIAL CLASSIFICATION (SIC) CODES SHALL USE THE APPLICABLE CATEGORIES SPECIFIED IN 310 CMR 4.10(7). All other permits for discharge shall use the applicable categories specified at 310 CMR 4.10(5) of the Bureau of Waste Prevention - Industrial Wastewater.

Title 5

- (a)(1) (BRPWP57) Permits for Water Pollution Control: Title 5
 1. Category: approval for installation of a recirculating sand filter or approved equivalent alternative technology pursuant to 310 CMR 15.202.

4.10: continued

2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 60 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
3. Permit application fee: \$430
- (a)(2) (BRPWP58) Permits for Water Pollution Control: Title 5
 1. Category: approval of plans to aggregate nitrogen loading or approval for installation of a shared system
 2. Description:
 - a. Approval of nitrogen aggregation plans pursuant to 310 CMR 15.216 or
 - b. Approval for the installation of a shared system pursuant to 310 CMR 15.293,
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Nitrogen aggregation
 - i. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - ii. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - iii. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - iv. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - b. Shared System
 - i. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - ii. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - iii. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - iv. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit Application Fee: \$1,580
- (a)(3) (BRPWP59) Permits for Water Pollution Control: Title 5
 1. Category: approval of variance
 2. Description:
 - a. (reserved)
 - b. Approval of variances pursuant to 310 CMR 15.412(2), granted by Board of Health, except variance for increased flow to existing system or
 - c. Approval of variance granted by Board of Health for increased flow pursuant to 310 CMR 15.414 or DEP issuance of variance for increased flow pursuant to 310 CMR 15.414
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 7, 2005,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

4.10: continued

4. Permit application fee: \$285
- (a)(4) (BRPWP60) Permits for Water Pollution Control: Title 5
 1. Category: variance from Title 5 provisions for schools pursuant to 310 CMR 15.416.
 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - c. Within 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 3. Permit application fee: \$1,580
- (a)(5) (BRPWP61) Permits for Water Pollution Control: Title 5
 1. Category: approval and renewal of approval or certification of alternative systems, approval of alternatives to grease traps, upgrades of failing large systems, and determinations that certain Title 5 provisions are manifestly unjust.
 2. Description:
 - a. Approval of alternative systems for remedial use pursuant to 310 CMR 15.284, or
 - b. Approval of alternative systems for pilot use, provisional use, or certification for general use and installations approved thereunder, pursuant to 310 CMR 15.281 through 15.288, or
 - c. Approval of alternative devices for grease removal pursuant to 310 CMR 15.230(12), or
 - d. Upgrades for failing large systems pursuant to 310 CMR 15.304, or
 - e. Determination that enforcement of the groundwater discharge permit requirements is manifestly unjust for a large system which is a significant threat pursuant to 310 CMR 15.304(2), or
 - f. Renewal of alternative system approval or certification where the expiration of an existing approval or certification is established as a special condition or provision pursuant to 310 CMR 15.285(4) or 15.286(3) or 15.288(3) and 15.284.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 8, 2004,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit Application fee: \$1500
- (a)(6) (BRPWP62) Permits for Water Pollution Control: Title 5
 1. Category: determination of acceptability for the use of septic system additives, soil absorption conditioners, and approval of effluent tee filters.
 2. Description: determination of acceptability for the use of septic system additives pursuant to 310 CMR 15.027, soil absorption conditioners pursuant to 310 CMR 15.028, and effluent tee filters pursuant to 310 CMR 15.289(4).
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.

4.10: continued

- d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit Application fee: \$930.
- (a)(7) (BRPWP63) Permits for Water Pollution Control: Title 5
 1. Category: disposal system construction permit for state or federal facilities.
 2. Description: disposal system construction permit for new systems, upgrade of small systems, upgrade of large systems which do not trigger failure criteria at 310 CMR 15.303, and/or expansion at state or federal facilities, with or without variances which accompany the permit pursuant to 310 CMR 15.000.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$930
- (a)(8) (BRPWP64) Permits for Water Pollution Control: Title 5
 1. Category: approval of site use of alternative technology not included in other categories, and approval of tight tanks.
 2. Description:
 - a. Approval of a tight tank pursuant to 310 CMR 15.260, or
 - b. Approval of installation of an alternative system for pilot use pursuant to 310 CMR 15.281 and 15.285, excluding approved grease devices or systems approved pursuant to BRPWP61 for piloting, provisional or general use, and excluding permits under BRPWP57, or
 - c. Approval of installation of alternative system pursuant to 310 CMR 15.284 for remedial use.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$430.
- (a)(10) (BRPWP66) Permits for Water Pollution Control: Title 5
 1. Category: upgrade, expansion or continued use of large systems or review determined necessary pursuant to 310 CMR 15.003(2)(d) or (e).
 2. Description:
 - a. approval for upgrade, expansion or continued use of large systems pursuant to 310 CMR 15.003(2)(d), excluding permits BRPW61 or BRPWP63.
 - b. approval of system required by the Department pursuant to 310 CMR 15.003(2)(e).
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.

4.10: continued

- c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 4. Permit application fee: \$930
- (a)(11) (BRPWP67) Permits for Water Pollution Control: Title 5
 - 1. Category: approval of sewer pumps prior to the septic tank pursuant to 310 CMR 15.229.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 3. Permit application fee: \$70.

Groundwater Discharges

- (e) (BRPWP42) Permits for water pollution control: groundwater discharges.
 - 1. Category: groundwater reclamation projects.
 - 2. Description: Approval for discharges necessary to remediate groundwater contamination.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$1,775.
- (f) (BRPWP) reserved
- (g) (BRPWP) reserved
- (h) (BRPWP05) Permits for water pollution control: groundwater discharges
 - 1. Category: groundwater discharge permit pursuant to 314 CMR 5.00 with experimental or alternative treatment technology or for projects requiring a permit not specifically listed under major, minor, other or reclamation permit categories.
 - 2. Schedule of timely action: for applications filed on or after December 25, 1998, individual rule project subject to 310 CMR 4.05.
 - 3. Permit application fee: individual rule project subject to 310 CMR 4.05.
- (i) (BRPWP06) Permits for water pollution control: groundwater discharges
 - 1. Category: major groundwater discharge.
 - 2. Description: permits for discharge of sewage with more advanced than secondary treatment which includes but is not limited to nitrification, denitrification, and or phosphorous removal; permit for the discharge of greater than 150,000 gpd of sewage.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after September 6, 2002,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 200 days of making a determination of administrative completeness, the Department shall complete a technical review.

4.10: continued

- c. The permit applicant may remedy identified deficiencies within 200 days of the Department's statement identifying deficiencies, if any.
- d. Within 200 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

NON-TEXT PAGE

4.10: continued

- e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
- 4. Permit application fee: \$13,875
- (j) (BRPWP08) Permits for water pollution control: groundwater discharges
 - 1. Category: minor groundwater discharge
 - 2. Description: permits for the discharge of 150,000 gpd or fewer of sewage with secondary treatment or less than secondary treatment; or discharges from coin operated laundromats and carwashes.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 200 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 200 days of the Department's statement identifying deficiencies, if any.
 - d. Within 200 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$4,840
- (k) (BRPWP10) Permits for water pollution control: groundwater discharges
 - 1. Category: other groundwater discharges.
 - 2. Description: permits for discharge of noncontact cooling water or stormwater; discharges with a heat exchanger as the sole treatment provided; discharges with pH adjustment and/or oil water separator as the sole means of treatment; or discharges from construction dewatering.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$2,285
- (l) (BRPWP11) Permits for water pollution control: groundwater discharges
 - 1. Category: permit modification or renewal, with plan approval.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 120 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 120 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

4.10: continued

- e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
- 4. Permit application fee: \$1,490
- (m) (BRPWP12) Permits for water pollution control: groundwater discharges
 - 1. Category: permit modification or renewal without plan approval.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 120 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 120 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
- 4. Permit application fee: \$725.

Treatment Works Plan Approval

- (n) (BRPWP68) Permits for Water Pollution Control: treatment works plan approval
 - 1. Category: treatment works plan approval.
 - 2. Description: Plan approval for modifications to existing facilities with permitted discharges to the ground or surface water pursuant to 314 CMR 3.00 or 5.00, including existing facilities permitted under BRPWM05 or BRPWM06.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 3. Permit application fee: \$790

Holding Tanks

See DEP permit category section

Sewer Connections/Extensions

- (p) (BRPWP13) Permits for water pollution control: sewer connections/extensions
 - 1. Category: major sewer extension.
 - 2. Description: permit pursuant to 314 CMR 7.00 for extension of sewer of greater than 2,500 feet or any extension with a pump station.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 120 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 120 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

4.10: continued

- e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
- 4. Permit application fee: \$2,545
- (q) (BRPWP14) Permits for water pollution control: sewer connections/extensions
 - 1. Category: minor sewer extension; sewer connection with pump station.
 - 2. Description: permit pursuant to 314 CMR 7.00 for extension of sewer of 2,500 feet or fewer; or a sewer connection with a pump station.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$615
- (r) (BRPWP17) Permits for water pollution control: sewer connections/ extensions
 - 1. Category: major sewer connection.
 - 2. Description:
 - a. Permit pursuant to 314 CMR 7.00 for sewer connection for discharges equal to or greater than 50,000 gallons per day
 - b. Sewer connection for discharges pursuant to 314 CMR 7.00 resulting from an M.G.L. c. 21E remediation project.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 120 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 120 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$1,315
- (s) (BRPWP18) Permits for water pollution control: sewer connections/extensions.
 - 1. Category: minor sewer connection.
 - 2. Description:
 - a. Sewer connection pursuant to 314 CMR 7.00 for sewage discharge with a total design flow equal to or greater than 15,000 and less than 50,000 gallons per day or
 - b. Sewer connection pursuant to 314 CMR 7.00 for industrial wastewater discharge permit, renewal or modification for total design flow of less than 15,000 gallons per day which is not resulting from a M.G.L. c. 21E remediation project.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.

4.10: continued

- d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
- 4. Permit application fee: \$350
- (t) (BRPWP55) Permits for water pollution control: sewer connections/extensions.
 - 1. Category: large industrial wastewater sewer connection
 - 2. Description: Industrial wastewater sewer connection permit, renewal or modification pursuant to 314 CMR 2.00 or 314 CMR 7.00 for a total design flow equal to or greater than 15,000 gallons per day which is not resulting from a M.G.L. c. 21E remediation project.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy any identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review and approve or disapprove the plan.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
- 4. Permit application fee: \$965
- (u) (BRPWP) reserved

Residuals Management

- (aa) (BRPWP28) Permits for water pollution control: residuals management.
 - 1. Category: approval of sampling and analysis plan for land application of residuals, as required prior to classification and permit for land application.
 - 2. Description: approval of sampling and analysis plan pursuant to 310 CMR 32.00 for beneficial use of sludge, sludge products or septage.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$700
- (bb) (BRPWP29) Permits for water pollution control: residuals management.
 - 1. Category: determination of suitability for land application of residuals.
 - 2. Description: classification of sludge, sludge products, or septage prior to land application for beneficial use, pursuant to 310 CMR 32.00
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$1,140

4.10: continued

- (cc) (BRPWP30) Permits for water pollution control: residuals management
 - 1. Category: certification pursuant to 310 CMR 32.00 of major projects for land application of sludge, sludge products, or septage.
 - 2. Description: land application certification for Type 2 or Type 3 classified residuals, for projects of 0.5 acres or more.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$2,370
- (dd) (BRPWP31) Permits for water pollution control: residuals management
 - 1. Category: certification pursuant to 310 CMR 32.00 of minor projects for land application of sludge, sludge products, or septage.
 - 2. Description: land application certification for Type 2 or Type 3 classified residuals, for projects of less than 0.5 acre.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$615
- (ee) (BRPWP32) Permits for water pollution control: residuals management
 - 1. Category: renewal or modification of certification pursuant to 310 CMR 32.00 of projects for land application of sludge, sludge products, or septage.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 60 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$260

4.10: continued

- (ff) (BRPWP33) Permits for water pollution control: residuals management
 - 1. Category: approval of wastewater treatment residuals landfill, pursuant to M.G.L. c. 21, §§ 27 or 43(2), M.G.L. c. 83, §§ 6 and 7, or M.G.L. c. 21A, § 13, 314 CMR 5.00 or 314 CMR 3.00, or 314 CMR 7.00.
 - 2. Schedule of timely action: for applications received on or after July 1, 1992, individual rule project subject to 310 CMR 4.05.
 - 3. Permit application fee: for projects for which applications are filed and fees received on or after July 1, 1992, individual rule project subject to 310 CMR 4.05.
- (gg) (BRPWP34) Permits for water pollution control: residuals management
 - 1. Category: approval of closure of wastewater treatment residuals landfill, pursuant to M.G.L. c. 21, §§ 27 and 43(2), M.G.L. c. 83, §§ 6 and 7, M.G.L. c. 21A, § 13 or 314 CMR 5.00, or 314 CMR 3.00 or 314 CMR 7.00.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 3. Permit application fee: \$7,120
- (hh) (BRPWP35) Permits for water pollution control: residuals management.
 - 1. Category: approval of design plans and specifications for residuals management facilities, pursuant to M.G.L. c. 21, §§ 27 or 43(2), M.G.L. c. 83, §§ 6 and 7, or M.G.L. c. 21A, § 13 or 314 CMR 12.00.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 150 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 150 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - 3. Permit application fee: \$4,355
- (ii) (BRPWP44) Permits for water pollution control: residuals management.
 - 1. Category: modifications to permits for residuals landfills.
 - 2. Description: modifications to existing approvals including but not limited to changes in design, operation, and monitoring plans.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.

4.10: continued

- d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 3. Permit application fee: \$1,775
- (jj) (BRPWP45) Permits for water pollution control: residuals management.
 - 1. Category: modifications to residuals management facilities.
 - 2. Description: modifications to existing plan approvals for all residual management facilities excluding residual landfills, but including and not limited to revisions to design, operation, monitoring, and material processing operations.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 3. Permit application fee: \$1,045

Wastewater Treatment Plant Operators

- (pp) (BRPWP47) Permits for water pollution control: licenses for wastewater treatment plant operators.
 - 1. Category: certification through reciprocity.
 - 2. Description: certifications for the seven grades of wastewater treatment plant operators pursuant to 257 CMR 2.00 by reciprocity review and status.
 - 3. Schedule for timely action: for certifications for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the application fee, the Board shall complete an administrative review.
 - b. Within 30 days of making a determination of administrative completeness, the Board shall complete a technical review.
 - c. The applicant may remedy identified deficiencies within 30 days of the Board statement of deficiencies.
 - d. Within 30 days of receipt of materials from the applicant in response to a statement identifying deficiencies, the Board shall complete a supplemental technical review.
 - 4. Permit application fee: \$80

4.10: continued

(qq) (BRPWP48) Permits for water pollution control: licenses for wastewater treatment plant operators.

1. Category: emergency and provisional certifications.
2. Description: approval of emergency and provisional certifications for the seven grades of wastewater treatment plant operators pursuant to 257 CMR 2.00.
3. Schedule for timely action: for certifications for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 30 days of receipt of an application and payment of the application fee, the Board shall complete an administrative review.
 - b. Within 30 days of making a determination of administrative completeness, the Board shall complete a technical review.
 - c. The applicant may remedy identified deficiencies within 30 days of the Board statement of deficiencies.
 - d. Within 30 days of receipt of materials from the applicant in response to a statement identifying deficiencies, the Board shall complete a final technical review.
4. Permit application fee: \$30

(8) Bureau of Resource Protection - Wetlands and Waterways

(a) (BRPWW01) Permits for waterways

1. Category: waterways license or permit: water-dependent use projects
2. Description: license or permit pursuant to 310 CMR 9.11(2)(a).
3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after June 27, 2003,
 - a. Within 45 days of receipt of an application and payment of the permit application fee, the Department shall assign a file number in accordance with 310 CMR 9.11(3)(a) and (b) and issue a public notice in accordance with 310 CMR 9.13(1)(a).
 - b. Within 60 days of the close of the public comment period, the Department shall complete an administrative completeness review in accordance with 310 CMR 9.11(3)(c).
 - c. Within 90 days of making a determination of administrative completeness, the Department shall complete a technical review in accordance with 310 CMR 9.11(2) and 9.14(5).
 - d. Where the Department has issued a draft license, draft permit or written determination pursuant to 310 CMR 9.14(5), the Department shall issue a final license or permit within the period specified in 310 CMR 9.11(2) and 9.14(7).
4. Permit application fee:
 - a. Residential water-dependent use projects for four dwelling units or less: \$175
 - b. Other water-dependent use projects: \$270
 - c. Licenses with extended terms, or facilities described in 310 CMR 9.00: \$2,730

(a)(1) (BRPWW14) Permits for waterways

1. Category: waterways license or permit for nonwater-dependent projects with partial initial application
2. Description: license or permit pursuant to 310 CMR 9.00 when an applicant initially submits a partial application and completes the application after the public hearing.

4.10: continued

3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after July 1, 2000,
 - a. Within 45 days of receipt of an application and payment of the permit application fee, the Department shall assign a file number in accordance with 310 CMR 9.11(3)(a) and (b) and issue a public notice in accordance with 310 CMR 9.13(1)(a).
 - b. Within 30 days of the close of the public comment period, the Department shall complete an administrative completeness review in accordance with 310 CMR 9.11(3)(c).
 - c. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review in accordance with 310 CMR 9.14(5).
 - d. Where the Department has issued a draft license, draft permit or written determination pursuant to 310 CMR 9.14(5), the Department shall issue a final license or permit within the period specified in 310 CMR 9.11(2) and 9.14(7).
 4. Permit application fee:
 - a. Residential nonwater-dependent use projects for 4 dwelling units or less: \$545
 - b. Other nonwater-dependent use projects: \$1,635
 - c. Licenses with extended terms, or facilities described in 310 CMR 9.16(3)(b)(2): \$2,730
- (a)(2) **(BRPWW15) Permits for waterways**
1. Category: Non-water Dependent project with initial full application
 2. Description: license or permit pursuant to 310 CMR 9.00, when an applicant initially submits a complete application for review prior to the public hearing.
 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after July 1, 2000,
 - a. Within 45 days of receipt of an application meeting the requirements of 310 CMR 9.11(3)(a), 9.11(3)(b)1., 2., 6., and 7., and 310 CMR 9.11(3)(c)1. through 3. and payment of the permit application fee, the Department shall assign a file number, complete an administrative completeness review and issue a public notice, in accordance with 310 CMR 9.13(1)(a).
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review in accordance with 310 CMR 9.14(5).
 - c. Where the Department has issued a draft license, draft permit or written determination pursuant to 310 CMR 9.14(5), the Department shall issue a final license or permit within the period specified in 310 CMR 9.11(2) and 9.14(7).
 4. Permit application fee:
 - a. Residential nonwater-dependent use projects for four dwelling units or less: \$545
 - b. Other nonwater-dependent use projects: \$1,635
 - c. Licenses with extended terms, or facilities described in 310 CMR 9.16(3)(b)(2): \$2,730
- (a)(3) **(BRPWW16) Permits for waterways**
1. Category: waterways license or permit for nonwater-dependent projects within a Municipal Harbor Plan
 2. Description: license or permit pursuant to 310 CMR 9.00 within an area subject to a Municipal Harbor Plan approved under 301 CMR 23.00.
 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after, July 1, 2000,
 - a. Within 45 days of receipt of an application and payment of the permit application fee, the Department shall assign a file number in accordance with 310 CMR 9.11(3)(a) and (b) and issue a public notice in accordance with 310 CMR 9.13(1)(a).
 - b. Within 30 days of the close of the public comment period, the Department shall complete an administrative completeness review in accordance with 310 CMR 9.11(3)(c).
 - c. Within 45 days of making a determination of administrative completeness, the Department shall complete a technical review in accordance with 310 CMR 9.14(5).
 - d. Where the Department has issued a draft license, draft permit or written determination pursuant to 310 CMR 9.14(5), the Department shall issue a final license or permit within the period specified in 310 CMR 9.11(2) and 9.14(7).
 4. Permit application fee:
 - a. Residential nonwater-dependent use projects (for four dwelling units or less): \$545

4.10: continued

- b. Other nonwater-dependent use projects: \$1,635
 - c. Licenses with extended terms, or facilities described in 310 CMR 9.16(3)(b)(2): \$2,730
- (a)(4) (BRPWW17) Permits for waterways
 - 1. Category: waterways license or permit for nonwater-dependent projects with Joint MEPA Application
 - 2. Description: license or permit when applicants file a Final Environmental Impact Report under 301 CMR 11.07(4) that serves as an application meeting the requirements of 310 CMR 9.11(3)(a) through (c).
 - 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after July 1, 2000,
 - a. Within 25 days of receipt of and payment of the permit application fee, the Department shall assign a file number, issue a public notice in accordance with 310 CMR 9.13(1)(a), and complete an administrative completeness review.
 - b. Within 30 days of the close of the public comment period, the Department shall complete a technical review in accordance with 310 CMR 9.14(5).

NON-TEXT PAGE

 4. Permit Application Fee: \$100
- (r) (BRPWW22) Permits for Wetlands
1. Category: Request for Variance
 2. Description: Variance pursuant to 310 CMR 10.05(10).
 3. Schedule: for projects for which Requests for Variance are filed and fees received on or after October 8, 2004,
 - a. Within 70 days of receipt of Request for Variance and payment of the application fee, the Department shall complete technical review.
 - b. The permit applicant may remedy identified deficiencies within 70 days of the Department's statement identifying deficiencies, if any.
 - c. Within 40 days of the Department's receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental review.
 4. Permit Application Fee: \$8,000
- (s) (BRPWW23) Permits for Wetlands
1. Category: Request for Variance with a claim of unconstitutional taking of property.
 2. Description: Variance with a claim of unconstitutional taking of property pursuant to 310 CMR 10.05(10).

4.10: continued

3. Schedule: for projects for which Requests for Variance are filed and fees received on or after October 8, 2004,
 - a. Within 70 days of receipt of Request for Variance and payment of the application fee, the Department shall complete technical review.
 - b. The permit applicant may remedy identified deficiencies within 70 days of the Department's statement identifying deficiencies, if any.
 - c. Within 40 days of the Department's receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental review.
4. Permit Application Fee: \$200

(9) Bureau of Strategic Policy and Technology - Wall Experiment Station - Division of Environmental Analysis.

Laboratory Certification

- (a) (LES01EA) Permits for laboratory certification
 1. Category: Initial certification for microbiology laboratory.
 2. Description: Initial certification of laboratory for microbiology analyses pursuant to 310 CMR 42.00.
 3. Schedule for timely action for applications filed after June 27, 2003,
 - a. Within 45 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.

NON-TEXT PAGE

4.10: continued

- b. Within 60 days of making a determination of administrative completeness, the Department shall complete the technical review required prior to on-site inspection.
 - c. The permit applicant may remedy identified deficiencies during technical review within 60 days of the Department's statement identifying deficiencies, if any. The Department shall complete review of supplemental material within 60 days.
 - d. Within 100 days of completing a technical review, the Department shall complete on-site inspection and post-inspection review.
 - e. The permit applicant may remedy deficiencies identified during inspection review within 90 days of the Department's statement identifying deficiencies, if any.
 - f. Within 100 days of receipt of supplemental materials from the applicant in response to the Department's statement identifying deficiencies during the inspection review period, the Department shall complete the supplemental technical review.
4. Initial certification permit application fee:
- a. The initial certification fee shall be \$230.
 - b. When an out-of-state inspection of a laboratory is necessary, applicants shall be charged for on-site inspection where costs are reasonably expected to exceed \$100 including necessary costs of travel, meals, and lodging, at the rate established for state employees, as determined by the Department. The Department shall promptly notify the applicant of all such costs and may require payment prior to inspection.
- (b) (LES02EA) Permits for laboratory certification.
- 1. Category: Initial certification for chemical laboratory.
 - 2. Description: Initial certification of laboratory for chemical analyses pursuant to 310 CMR 42.00.
 - 3. Schedule for timely action for applications filed after October 7, 2005,
 - a. Within 45 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete the technical review required prior to on-site inspection.
 - c. The permit applicant may remedy identified deficiencies during technical review within 60 days of the Department's statement identifying deficiencies, if any, and the Department shall complete review of supplemental material within 60 days.
 - d. Within 100 days of completing a technical review, the Department shall complete on-site inspection and post-inspection review.
 - e. The permit applicant may remedy deficiencies identified during inspection review within 90 days of the Department's statement identifying deficiencies, if any.
 - f. Within 100 days of receipt of supplemental materials from the applicant in response to the Department's statement identifying deficiencies during the inspection review period, the Department shall complete the supplemental technical review.
 - 4. Initial Certification Permit application fee:
 - a. The initial certification fee shall include \$860 plus an amount for each certified testing category as follows:

Adipate/Phthalates	\$75
Alkalinity, Total	\$35
Ammonia-N	\$60
Asbestos	\$75
Biochemical Oxygen Demand	\$45
Bromate	\$55
Calcium	\$55
Carbamates	\$75
Chemical Oxygen Demand	\$30
Chloride	\$30
Chlorine, Residual	\$30
Chlorite	\$55
Cyanide	\$75
Diquat	\$60
EDB and DBCP	\$60
Endothall	\$60
Fluoride	\$55
Glyphosate	\$50
Haloacetic acids	\$90

4.10: continued

Hardness, Total	\$30
Herbicides	\$90
Kjeldahl-N	\$60
Magnesium	\$45
Metals	\$190
Nitrate-N	\$55
Nitrite-N	\$45
Oil and Grease	\$45
Orthophosphate	\$60
PCBs (potable water)	\$90
PCBs (non-potable water)	\$90
PCB (oil)	\$90
Pesticides (potable water)	\$90
Pesticides (non-potable water)	\$90
pH	\$15
Phenolics, Total	\$45
Phosphorus, Total	\$60
Polynuclear Aromatic Hydrocarbons	\$90
Potassium	\$45
Radiochemistry	
Gross alpha and gross beta	\$40
Strontium-89 and Strontium-90	\$60
Radium-226 and Radium-228	\$50
Tritium	\$50
Uranium	\$50
Iodine-131	\$50
Cesium-134 and Cesium-137	\$50
Cobalt-60	\$60
Ruthenium-106	\$50
Residue, Non-Filterable	\$30
Sodium	\$55
Solids, Total Dissolved	\$35
Specific Conductivity	\$30
Sulfate	\$45
Total Organic Carbon	\$30
Trihalomethanes	\$60
Turbidity	\$30
Volatile Organics	\$115

b. When an out-of-state inspection of a laboratory is necessary, applicants shall be charged for on-site inspection where costs are reasonably expected to exceed \$100 including necessary costs of travel, meals, and lodging, at the rate established for state employees, as determined by the Department. The Department shall promptly notify the applicant of all such costs and may require payment prior to inspection.

(c) (LES03EA) Permits for laboratory certification.

1. Category: Modification of certification for chemical laboratory.
2. Description: Application to certify additional testing categories pursuant to 310 CMR 42.00.
3. Schedule for timely action for applications filed and fees received after June 27, 2003,
 - a. Within 45 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete the technical review required prior to on-site inspection.
 - c. The permit applicant may remedy identified deficiencies during technical review within 60 days of the Department's statement identifying deficiencies and the Department shall complete review of supplemental material within 60 days.
 - d. Within 100 days of completing a technical review, the Department shall complete on-site inspection and post-inspection review.

4.10: continued

- e. The permit applicant may remedy deficiencies identified during the inspection review period within 90 days of the Department's statement identifying deficiencies, if any.
- f. Within 100 days of receipt of supplemental materials from the applicant in response to the Department's statement identifying deficiencies during the inspection review period, the Department shall complete the supplemental technical review.
- 4. Certificate modification permit fee:
 - a. The certificate modification permit fee shall include \$315 plus an amount for each testing category included in the application in the amounts as set forth in 310 CMR 4.10(9)(b).
 - b. When an out-of-state inspection of a laboratory is necessary, applicants shall be charged for on-site inspection where costs are reasonably expected to exceed \$100 including necessary costs of travel, meals, and lodging, at the rate established for state employees, as determined by the Department. The Department shall promptly notify the applicant of all such costs and may require payment prior to inspection.
- (d) (LES04EA) Permits for laboratory certification (reserved)

(10) Bureau of Waste Site Cleanup

- (a) (BWSC01) Permits for Waste Site Cleanup: initial permit
 - 1. Category: Tier IA response action permit
 - 2. Description: Permit to proceed with comprehensive response actions as defined in 310 CMR 40.0800 at disposal sites classified as Tier IA.
 - 3. Schedule for timely action: for disposal sites for which permit applications are filed and fees received on or after June 27, 2003
 - a. Within 45 days of receipt of a permit application and payment of the permit application fee, the permit is presumptively approved unless the Department approves the permit with conditions, denies the permit, or issues a notice of extended review pursuant to 310 CMR 40.0720(5), extending the permit review a second 45 days.
 - b. Within 45 days of issuing a notice of extended review pursuant to 310 CMR 4.10(10)(a)3.a. the permit is presumptively approved unless the Department approves the permit with conditions, or denies the permit.
 - 4. Permit application fee, not to exceed \$6000: \$3550 for applicant who is not a Homeowner as defined in 310 CMR 4.02; \$500 for applicant who is a Homeowner as defined in 310 CMR 4.02.
- (b) (BWSC02) Permits for Waste Site Cleanup: initial permit
 - 1. Category: Tier IB response action permit
 - 2. Description: Permit to proceed with comprehensive response actions as defined in 310 CMR 40.0800 at disposal sites classified as Tier IB.
 - 3. Schedule for timely action: for disposal sites for which permit applications are filed and fees received on or after June 27, 2003
 - a. Within 45 days of receipt of a permit application and payment of the permit application fee, the permit is presumptively approved unless the Department approves the permit with conditions, denies the permit, or issues a notice of extended review pursuant to 310 CMR 40.0720(5), extending the permit review a second 45 days.
 - b. Within 45 days of issuing a notice of extended review pursuant to 310 CMR 4.10(10)(b)3.a., the permit is presumptively approved unless the Department approves the permit with conditions or denies the permit.

4.10: continued

4. Permit application fee, not to exceed \$6,000: \$3,550 for applicant who is not a Homeowner as defined in 310 CMR 4.02; \$500 for applicant who is a Homeowner as defined in 310 CMR 4.02.
- (c) (BWSC03) Permits for Waste Site Cleanup: initial permit
 1. Category: Tier IC response action permit
 2. Description: Permit to proceed with comprehensive response actions as defined in 310 CMR 40.0800 at disposal sites classified as Tier IC.
 3. Schedule for timely action: for disposal sites for which permit applications are filed and fees received on or after June 27, 2003
 - a. Within 45 days of receipt of a permit application and payment of the permit application fee, the permit is presumptively approved unless the Department approves the permit with conditions, denies the permit, or issues a notice of extended review pursuant to 310 CMR 40.0720(5), extending the permit review a second 45 days.
 - b. Within 45 days of issuing a notice of extended review pursuant to 310 CMR 4.10(10)(c)3.a., the permit is presumptively approved unless the Department approves the permit with conditions or denies the permit.
 4. Permit application fee, not to exceed \$6,000: \$3,550 for applicant who is not a Homeowner as defined in 310 CMR 4.02; \$500 for applicant who is a Homeowner as defined in 310 CMR 4.02.
- (d) (BWSC10) Permits for Waste Site Cleanup: major permit modifications
 1. Category: Tier I major permit modifications
 2. Description: Any major permit modification required pursuant to 310 CMR 40.0707.
 3. Schedule for timely action: for disposal sites for which permit applications are filed and fees received on or after June 27, 2003.
 - a. Within 45 days of receipt of a permit application and payment of the permit application fee, the permit modification is presumptively approved unless the Department approves the permit modification with conditions, denies the permit modification, or issues a notice of extended review pursuant to 310 CMR 40.0720(5), extending the permit modification review a second 45 days.
 - b. Within 45 days of issuing a notice of extended review pursuant to 310 CMR 4.10(10)(d)3.a., the permit modification is presumptively approved unless the Department approves the permit modification with conditions or denies the permit modification.
 4. Permit application fee, not to exceed \$6,000: \$1,200 for applicant who is not a Homeowner as defined in 310 CMR 4.02; \$250 for applicant who is a Homeowner as defined in 310 CMR 4.02.
- (e) (BWSC20) Permits for Waste Site Cleanup: Extension
 1. Category: Tier I permit extensions
 2. Description: Extension of permit to proceed with comprehensive response actions as defined in 310 CMR 40.0800 at disposal sites classified as Tier I.
 3. Schedule for timely action: for disposal sites for which permit applications are filed and fees received on or after June 27, 2003
 - a. Within 45 days of receipt of a permit application and payment of the permit application fee, the permit extension is presumptively approved unless the Department approves the permit extension with conditions, denies the permit extension, or issues a notice of extended review pursuant to 310 CMR 40.0720(5), extending the permit extension review a second 45 days.
 - b. Within 45 days of issuing a notice of extended review pursuant to 310 CMR 4.10(10)(e)3.a., the permit extension is presumptively approved unless the Department approves the permit extension with conditions or denies the permit extension.

4.10: continued

4. Permit application fee, not to exceed \$6,000: \$1,200 for applicant who is not a Homeowner as defined in 310 CMR 4.02; \$250 for applicant who is a Homeowner as defined in 310 CMR 4.02.
- (f) (BWSC30) Permits for Waste Site Cleanup: Transfers
1. Category: Tier I Permit Transfers
 2. Description: Transfer of permit to proceed with comprehensive response actions as defined in 310 CMR 40.0800 at disposal sites classified as Tier I.
 3. Schedule for timely action: for disposal sites for which permit applications are filed and fees received on or after June 27, 2003
 - a. Within 45 days of receipt of a permit application and payment of the permit application fee, the permit transfer is presumptively approved unless the Department approves the permit transfer with conditions, denies the permit transfer or issues a notice of extended review pursuant to 310 CMR 40.0720(5), extending the permit transfer review a second 45 days.
 - b. Within 45 days of issuing a notice of extended review pursuant to 310 CMR 4.10(10)(f)3.a., the permit transfer is presumptively approved unless the Department approves the permit transfer with conditions or denies the permit transfer.
 4. Permit application fee, not to exceed \$6,000: \$1,200 for applicant who is not a Homeowner as defined in 310 CMR 4.02; \$250 for applicant who is a Homeowner as defined in 310 CMR 4.02.
- (g) (BWSC40) Permits for Waste Site Cleanup: Grants of Environmental Restriction
1. Category: Grants of Environmental Restriction
 2. Description: A Grant of Environmental Restriction implemented pursuant to 310 CMR 40.1070.
 3. Schedule for timely action: for disposal sites for which permit applications are filed and fees received on or after December 25, 1998.
 - a. Within 30 days of receipt of a permit application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified technical deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - d. Within 45 days from receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee, not to exceed \$6,000:
 - a. \$1,050 per Grant of Environmental Restriction
 - b. The applicant(s) may apply for consolidated review of multiple applications related to a disposal site meeting the following criteria:
 - i. the application includes Grants of Environmental Restriction for six or more separate parcels which comprise, in whole or in part, a single disposal site;
 - ii. each of the proposed Grants of Environmental Restriction references a single Activity and Use Limitation Opinion rendered in accordance with 310 CMR 40.1071(2)(f); and

4.10: continued

- iii. the activities and uses to be prohibited and permitted by, and the obligations and conditions listed in, the proposed Grants of Environmental Restriction are identical for each of the parcels to which the proposed Grants of Environmental Restrictions would apply.
- c. For consolidated applications, the Department shall refund any portion of the permit application fees that exceed the Department's actual costs of Departmental review and approval. The Department's costs shall be calculated by applying the same method used to calculate Response Action Costs in 310 CMR 40.1220(1) and the Indirect Rate set forth in 310 CMR 40.1221(2). In no event shall the fee for reviewing multiple applications for Grants of Environmental Restriction for a disposal site be less than \$1,050.
- (h) (BWSC41) Permits for Waste Site Cleanup: Amendments of Environmental Restriction
 - 1. Category: Amendments of Environmental Restrictions
 - 2. Description: An Amendment of a Grant of Environmental Restriction implemented pursuant to 310 CMR 40.1070.
 - 3. Schedule for timely action: for disposal sites for which permit applications are filed and fees received on or after December 25, 1998.
 - a. Within 30 days of receipt of a permit application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified technical deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - d. Within 45 days from receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee, not to exceed \$6000: \$850.
- (i) (BWSC42) Permits for Waste Site Cleanup: Releases of Environmental Restriction
 - 1. Category: Releases of Environmental Restriction
 - 2. Description: A Release of a Grant of Environmental Restriction implemented pursuant to 310 CMR 40.1070.
 - 3. Schedule for timely action: for disposal sites for which permit applications are filed and fees received on or after December 25, 1998.
 - a. Within 30 days of receipt of a permit application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified technical deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - d. Within 45 days from receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee, not to exceed \$6000: \$650.00
- (j) (BWSC50) Permits for Waste Site Cleanup: Special Project Designation
 - 1. Category: Special Project Designation
 - 2. Description: Project containing one or more properties, sites or portions of sites pursuant to 310 CMR 40.0060.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after December 13, 1996,
 - a. Within 30 days of receipt of an application and payment of the permit application fee the Department shall complete an administrative completeness review.
 - b. Within 60 days of making a determination of administrative completeness, the Department shall complete technical review.
 - c. The applicant may remedy identified technical deficiencies within 30 days of the Department's statement identifying deficiencies, if any.

4.10: continued

d. Within 45 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

e. Within 30 days of the close of the public comment period, the Department shall complete a public comment review or if significant comments are received, within 60 days of the close of the public comment period, the Department shall complete a public comment review.

4. Permit application fee, not to exceed \$6000: \$750

(11) Department-wide Permits.

(a) (DEP01) Permits for Holding Tanks

1. Category: Certification of industrial wastewater holding tank pursuant to M.G.L. c. 21, § 27 and 314 CMR 18.11.

2. Description: Certification covers new industrial wastewater holding tank installation and conversion of existing tanks into industrial wastewater holding tanks.

3. Schedule for timely action: for projects for which application is filed and fees received on or after June 27, 2003

a. Within 60 days of receipt of an application and payment of the application fee, the Department shall complete an administrative and technical review.

b. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any,

c. Within 60 days of receipt of materials in response to the Department's statement identifying deficiencies, the Department shall complete a final review.

4. Permit application fee: \$115.
